Academic Honor Code

GEORGIA TECH HONOR CHALLENGE STATEMENT

I commit to uphold the ideals of honor and integrity by refusing to betray the trust bestowed upon me as a member of the Georgia Tech community.

GEORGIA TECH HONOR CODE

Graduate Students, please read the Graduate Addendum.

Article I: Honor Agreement

Article II: Academic Honor Code

Article III: Honor System

Article IV: Amending the Academic Honor Code

Appendix A: Graduate Addendum to the Academic Honor Code

Article I: Honor Agreement

Having read the Georgia Institute of Technology Academic Honor code, I understand and accept my responsibility as a member of the Georgia Tech community to uphold the Honor Code at all times. In addition, I understand my options for reporting honor violations as detailed in the code.

Article II: Academic Honor Code

Section 1. Statement of Purpose
The members of the Georgia Tech community believe the fundamental objective of the Institute is to provide the students with a high-quality education while developing in them a sense of ethics and social responsibility. We believe that trust is an integral part of the learning process and that self-discipline is necessary in this pursuit. We also believe that any instance of dishonesty hurts the entire community. It is with this in mind that we have set forth a student Honor Code at Georgia Tech.

Section 2. Objectives
An Academic Honor Code at Georgia Tech aims to cultivate a community based on trust, academic integrity, and honor. It specifically aims to accomplish the following:

Ensure that students understand that academic dishonesty is a violation of the profound trust of the entire academic community;

- Ensure that students, faculty and administrators understand that the responsibility for upholding academic honesty at Georgia Tech lies with them;
- Prevent any students from gaining an unfair advantage over other students through academic misconduct;
- Clarify what constitutes academic misconduct among students at Georgia Tech and what is expected of them by the Institute, the faculty, and their peers;
- Cultivate an environment at Georgia Tech where academic dishonesty is not tolerated among the students;
- Secure a centralized system of education and awareness of the Honor Code;
Section 3. Student Responsibilities
Students are expected to act according to the highest ethical standards. The immediate objective of an Academic Honor Code is to prevent any Students from gaining an unfair advantage over other Students through academic misconduct. The following clarification of academic misconduct is taken from Section XIX Student Code of Conduct, of the Rules and Regulations section of the Georgia Institute of Technology General Catalog: Academic misconduct is any act that does or could improperly distort Student grades or other Student academic records. Such acts include but need not be limited to the following:

- Unauthorized Access: Possessing, using, or exchanging improperly acquired written or verbal information in the preparation of a problem set, laboratory report, essay, examination, or other academic assignment.
- Unauthorized Collaboration: Unauthorized interaction with another Student or Students in the fulfillment of academic requirements.
- Plagiarism: Submission of material that is wholly or substantially identical to that created or published by another person or persons, without adequate credit notations indicating the authorship.
- False Claims of Performance: False claims for work that has been submitted by a Student.
- Grade Alteration: Alteration of any academic grade or rating so as to obtain unearned academic credit.
- Deliberate Falsification: Deliberate falsification of a written or verbal statement of fact to a Faculty member and/or Institute Official, so as to obtain unearned academic credit.
- Forgery: Forgery, alteration, or misuse of any Institute document relating to the academic status of the Student.
- Distortion: Any act that distorts or could distort grades or other academic records.

While these acts constitute assured instances of academic misconduct, other acts of academic misconduct may be defined by the professor. Students must sign the Academic Honor Agreement affirming their commitment to uphold the Honor Code before becoming a part of the Georgia Tech community. The Honor Agreement may reappear on exams and other assignments to remind Students of their responsibilities under the Georgia Institute of Technology Academic Honor Code.

Section 4. Faculty Responsibilities
Faculty members are expected to create an environment where honesty flourishes. In creating this environment, Faculty members are expected to do the following:

- Make known to their class as specifically as possible what constitutes appropriate academic conduct as well as what comprises academic misconduct. This includes but is not limited to the use of previously submitted work, collaborative work on homework, etc.
- Provide copies of old exams or lists of sample questions to the Georgia Tech library for Students to review;
- Avoid the re-use of exams;
- Include a paragraph containing information about the Georgia Tech Academic Honor Code on the syllabus for each class they teach;
- Report instances of academic dishonesty to the Office of the Dean of Students.

In addition to the expectations listed previously, faculty have the authority to superimpose their own interpretations on some aspects of academic conduct including, but not limited to, the following:

- Old exams for use during open-book exams;
- Contents of formula sheets allowed on exams;
- Use of calculators on exams;
- Collaboration on out-of-class assignments;
- Use of previously submitted out-of-class assignments.

Article III: Honor System
Section 1. Governing Bodies
The Georgia Institute of Technology Academic Honor Code recognizes the present bodies given the power to enforce the academic regulations of the Institute. The Academic Honor Code recognizes the Office of the Dean of Students to be the principal administrator to enforce Institute disciplinary measures as presently specified in Article XIX Section B, of the Rules and Regulations section of the current Georgia Institute of Technology General Catalog. The Academic Honor Code also recognizes the Student Honor Committee as the body given jurisdiction to hear all cases of alleged academic misconduct as currently specified in XIX Section B, of the Rules and Regulations section of the current Georgia Institute of Technology General Catalog.

Section 2. Reporting Honor Code Violations
In order for an Academic Honor Code to function, members of the Georgia Tech community must not tolerate violations of it by anyone. Community members are at their discretion to use any of three options to report suspected Honor Code violations:

1. A student may simply desire to confront the fellow student with the perceived infraction. While this option is most likely to enact widespread change in attitude and behavior among students (because violators would understand that they are violating the trust of their peers and not some abstract body of people), it is still expected that an alleged violator be taken before the Student Honor Committee if he or she persists in academic misconduct.
2. A student may choose to approach the professor of the class in which the alleged infraction occurred and seek his or her input on how to proceed. A result of a conference of this type would be the professor's awareness that the alleged violator needs closer monitoring to ascertain reasonable certainty of guilt before being brought before the Student Honor Committee.
3. A student may choose to seek the advice of an honor advisor (see Article III., Section 3). Meetings with honor advisors shall address issues of policy and procedure only. Specifics of an individual case are not to be discussed. After a consultation with an honor advisor, a student may choose to submit a formal accusation of academic misconduct to the Office of the Dean of Students.

Section 3. Student Honor Advisory Council
Students composing the Student Honor Advisory Council are to become well versed in all aspects of the Georgia Institute of Technology Academic Honor Code and the procedures for reporting an honor violation as well as those procedures for the trying of cases of suspected academic misconduct before the Student Honor Committee. The Council is to act as an information resource to all members of the Georgia Tech community on issues related to the Academic Honor Code.

1. Membership
   1. Members are to be selected by the Vice-President of Student Affairs or a designated person to carry out these duties.
   2. Members must be full-time students at Georgia Tech and must be in good academic standing.
   3. Once a member of the council, the student shall serve until he or she graduates, unless he or she resigns or is impeached.
   4. Impeachment procedures are to be specified in the rules and/or bylaws of the Student Honor Advisory Council.
   5. Membership shall be composed of no less than fifteen (15) students at any given time.

2. Duties and Responsibilities
   1. To serve in an advisory capacity to any student(s) wishing to report an honor violation or any student(s) being accused of committing an honor violation.
   2. To continually educate and maintain awareness among the Georgia Tech community regarding the Academic Honor Code.
   3. To limit discussion with students to issues of policy and procedure.
Article IV: Amending the Honor Code

Amendments to the Georgia Tech Academic Honor Code may be proposed by a two-thirds (2/3) vote of both the Undergraduate Student Council and the Graduate Student Senate, or by a petition of ten percent (10%) of the total population (undergraduate and graduate) directed to both the undergraduate student body president and the graduate student body president. Amendments become part of this Honor Code upon ratification by two-thirds (2/3) of the votes cast in a special election open to the undergraduate and graduate students, provided that the proposed amendments have been published in the Technique at least one week prior to the vote by the student body and further provided that the amendments are approved by the Academic Senate. Appendices or amendments of appendices which pertain to either the undergraduate student body or to the graduate student body may be proposed by a two-thirds (2/3) vote of the respective legislative body or a petition of at least ten percent of the respective student body directed to the respective student body president. These shall become part of this Honor Code upon ratification by two-thirds (2/3) of the votes in a special election of the respective student body, provided that the proposed appendices or amendments of appendices have been published in the Technique at least one week prior to the election, and further provided that the appendices or amendments of appendices are approved by the Academic Senate.

Appendix A: Graduate Addendum to the Academic Honor Code

1. Preamble
   The Honor Code recognizes that graduate students are involved in research and scholarly activities that occur outside the classroom. Integrity and academic honesty are as fundamental to research and scholarly activity as they are to classroom activity. Therefore, this Appendix to the Academic Honor Code is adopted to pertain to the academic activities of graduate students that occur outside of the classroom.

2. Scholarly Misconduct
   Scholarly misconduct refers to misconduct that occurs in research and scholarly activities outside the classroom. It can include plagiarism, among other things. The consequences of scholarly misconduct are governed by Institute policy. The following definitions are taken from the Institute Policy on Scholarly Misconduct:
   - "Misconduct" or "scholarly misconduct" is the fabrication of data, plagiarism, or other practice that seriously deviates from those that are commonly accepted within the academic or research community for proposing, conducting, or reporting research or scholarly activity. It does not include honest error or honest differences in interpretation or judgments of data.
   - "Plagiarism" is the act of appropriating the literary composition of another, or parts of passages of his or her writings, or language or ideas of the same, and passing them off as the product of one's own mind. It involves the deliberate use of any outside source without proper acknowledgment. Plagiarism is scholarly misconduct whether it occurs in any work, published or unpublished, or in any application for funding.

Allegations involving scholarly misconduct fall under the Institute's Policy on Scholarly Misconduct. This document details the procedures involved with reporting allegations and with the handling of cases. All graduate students are encouraged to become familiar with this policy, which is available from the Office of the Provost.

Students and parents are encouraged to consider the following before applying for a private educational loan:

Students are strongly encouraged to first pursue the availability of free or lower-cost financial aid with the Office of Scholarships & Financial Aid.

Directions on how to apply for Title IV federal grants, loans and work-study are available at www.finaid.gatech.edu/apply or by calling or visiting the Office of Scholarships and Financial Aid.

A private education loan may reduce eligibility for free or lower-cost federal, state, or school student financial aid.

Georgia Tech prohibits conflicts of interest between the responsibilities of its employees and the personal interests of an employee or family member of an employee. Georgia Tech bans any revenue-sharing arrangements with any lender, whether for institutional or personal gain.

Employees of Georgia Tech or its affiliated organizations shall not accept anything of value for serving on an advisory board, commission, or group established by a lender, guarantor, or group of lenders.

Georgia Tech employees are bound by state law and institutional polices related to the receipt of gifts or gratuities. All employees, as well as their family members, are prohibited from accepting a gift with more than nominal value from anyone that the employee or Georgia Tech interacts with on official state business or from any other prohibited source.

Georgia Tech will not request or accept any offer for student loan funds in exchange for: (1) a specified number of loans made or (2) a specific loan volume.

Georgia Tech will not accept any offer from any lender to provide call center staffing or financial aid office assistance.
Grade Substitution Policy

Policy Book: Student Life  
Last Revised: Jun 2006  
Review Date: Jan 2015  
Policy Owner: Registrar  
Policy Statement:  
(effective with the entering Fall 2005 first-time freshman class.)

First-time freshman students who receive a grade of D or F in a course within their first two terms in residence are eligible to repeat the course and have the original grade excluded from the computation of academic average. Grade substitution may be used only once per course, with a maximum of two courses total. More information is outlined at www.registrar.gatech.edu.

Impact of Grade Substitution Policy on the HOPE Scholarship:

All credit hours attempted after high school graduation are calculated when determining HOPE Scholarship eligibility, even if a course is forgiven by the institution. Therefore, if a student utilizes the Grade Substitution policy and repeats a course, the credits and grades issued in both occurrences are included in the HOPE calculations. For example, if a student takes MATH 1501 (Calculus I) and earns a “D” in the course, retakes the course and earns a “B”, then applies for a grade substitution, both Calculus courses would be included in his HOPE Attempted Hours and GPA.” Note that HOPE is also subject to the Satisfactory Academic Progress policy discussed below. Visit www.finaid.gatech.edu/hope for more information on the HOPE Scholarship.

Impact of Grade Substitution Policy on Satisfactory Academic Progress (SAP)

Georgia Tech's SAP policy has three components. See “Satisfactory Academic Progress” for the complete policy. The quantitative and maximum time frame standards refer to number of attempted hours and are not impacted by this policy. It is important to note, however, that repeated coursework does not count as additional hours earned for purposes of determining Satisfactory Academic Progress. This is true whether or not grade substitution is requested for the repeated class.

The Qualitative Standard, the third component of the SAP Policy, looks at a student's official cumulative GT GPA to determine if it meets the requirement for the student's grade level. If a student's official GPA is recalculated, eligibility from that date forward is evaluated based on the new GPA. Any change in eligibility would not be retroactive to prior terms. Similarly, decisions about eligibility may not be based on anticipated changes to GPA. The requirements are that the student must maintain a cumulative minimum grade point average of 1.7 as a freshman, 1.9 as a sophomore, 2.0 as a junior and senior, and 2.7 as a graduate student.

**Return of Title IV Funds Policy**

A calculation is made for all financial aid recipients to determine whether a student who completely withdraws during a term has "earned" the monies disbursed. A student "earns" his/her aid based on the period of time they remain enrolled. During the first 60% of the term a student "earns" financial aid in direct proportion to the length of time he/she remains enrolled. The earned and unearned aid is determined by a daily prorated ratio. Basically, if you canceled enrollment at the 20% point of the term, you earned 20% of the financial aid you were originally scheduled to receive. The 80% of the amount of unearned Federal financial aid or a portion of the 80% of unearned aid will be returned (canceled from your account). Once you have completed more than 60% of the term, you have earned all the federal assistance that you were scheduled to receive. Specific percentages by date are published by the Bursar's Office.

A daily roster is generated by the Office of the Registrar that identifies students who have completely withdrawn from the institution. The Registrar's office records and publishes the official date of withdrawal.

The percentage of the period that the student remained enrolled is derived by dividing the number of days the student attended by the number of days in the term. The withdrawal date is:

- The date the student notified the institution of intent to withdraw (initiation of withdrawal process) or
- The midpoint of the term for a student who leaves without notifying the institution of their intent to withdraw.

The responsibility to repay unearned aid is shared by the institution and the student in proportion to the aid each is assumed to possess. Georgia Tech will use the Return of Financial Aid - Refund Policy worksheet to determine the amount the student and/or the institution must refund (canceled from your student account) to the appropriate programs. The Office of Scholarships and Financial Aid and the Bursar's Office will cooperatively verify the accuracy of each refund calculation.

**Institution's Return of Funds**

Once the institution's portion of the return of funds has been calculated the OSFA will reduce the student's original financial aid award and return the funds within 45 (forty-five) days to the appropriate program(s) in the order specific in this policy. If this creates a "balance" on the student's account in the Bursar's office, the Bursar will notify the student of
the obligation. The student will be responsible for paying the debt to the Bursar immediately. The student will not be allowed to register or receive an official transcript until the debt has been paid in full.

Student's Return of Funds
Once the student's portion of the return of funds has been calculated, the Bursar's Office will notify the student of the amount he/she must repay. The student must pay Georgia Tech the full amount of his/her debt and Georgia Tech will return the funds to the appropriate programs within 45 days. To continue eligibility past 45 days, the student must pay the overpayment in full to Georgia Tech's Bursar's office.

Unearned Title IV aid shall be returned to the following programs in the following order by both the student and the Institute:

1. Unsubsidized Stafford Loan
2. Subsidized Stafford Loan
3. Perkins Loan
4. Parent Loan for Undergraduate Students (PLUS)/Graduate PLUS
5. Pell Grant
6. Federal Supplemental Educational Opportunity Grant (SEOG)

Post-Withdrawal Funds
If the amount disbursed to the student is less than the amount the student earned, the amount maybe considered a post-withdrawal disbursement. Post-withdrawal eligibility can be used to credit outstanding charges on a student's account. Georgia Tech has 30 (thirty) days from the date of the institution determined that the student withdrew, to offer any amount of the post-withdrawal disbursement to the student, (or parent for PLUS). The student (or parent) may accept or decline some or all of the post-withdrawal disbursement that is not credited to the student's account. The student or parent must respond within 14 days from the date that the institution sends the notification to be eligible to receive the post withdrawal disbursement. If the student (or parent) does not respond to the institution's notice, no portion of the post-withdrawal disbursement that is not credited to the student's account may be disbursed.

HOPE/Zell Miller Scholarship Only Refund
If a refund is due and the student received HOPE/Zell Miller funds but did not receive federal Title IV funds, then such amounts must be refunded to HOPE/Zell Miller. These amounts are refunded by applying the institution's Refund Policy to the student's original HOPE/Zell Miller award for tuition.

Title IV and HOPE/Zell Miller Refund
If in addition to HOPE/Zell Miller funds, the student also received federal Title IV funds, then refund amounts are distributed proportionately. OSFA then determines the amount of the federal Title IV refund as prescribed by the federal "Return of Title IV Funds" policy.

Financial Aid Calculated Examples:

The calculation for the amount of Federal financial aid to return (cancel from your student account) is based on the lesser amount of:

Institutional charges: (Tuition, Mandatory fees, Special course fees, Housing and Meal charges (if you live on campus)

OR:

Federal Aid awarded: (Subsidized and Unsubsidized Stafford Loan, Perkins Loan, Parent or Grad PLUS Loan, Pell Grant, Supplemental Education Opportunity Grants (SEOG))
The lesser amount of the institutional charges or federal aid awarded is then multiplied by a daily prorated ratio based on your certified date of withdrawal. The result is the amount of aid to be returned.

**Example 1:** Since the total institutional charges are less than the total financial aid awarded, the cancellation of aid will be calculated using the $8,677 because it is less than the Federal Financial Aid Awarded of $9,163.

If your date of withdrawal is at the midpoint of the term, $8,677 would be multiplied by 50% to calculate $4,338.50 to return from your Federal Financial Aid funds. For the example, the entire $990 Unsubsidized Stafford Loan would be returned to the servicer (canceled from your account) as well as $2723 of the Subsidized Stafford Loan and $625.50 of the Perkins Loan. Therefore $990 + $2723 + $625.50 = $4,338.50 is the amount of aid to be returned (canceled from your account).

**Example 2:** Since the financial aid awards are less than the total institutional charges, the cancellation of aid will be calculated using $6,436 because it is less than the total institutional charges of $8,677.

If your date of withdrawal results in a 31% term completion earned rate, then the unearned percentage is 69%. Therefore, we would multiply $6,436 by 69% to calculate $4,441 to return from your Federal Financial Aid funds. For this example, the entire $3,713 Unsubsidized Stafford Loan would be returned to the servicer (canceled from your account) as well as $728 of the Subsidized Stafford Loan. Therefore $3,713 + $728 = $4,441 is the amount of aid to be returned (canceled from your account).

**Unofficial Withdrawal Policy:**
Financial aid funds are awarded under the assumption you will attend school for the entire term. If you unofficially withdraw (leave and do not properly provide official notification of withdrawal), you may no longer be eligible for the full amount of aid funds you were originally scheduled to receive.
Official Notification Not Provided

1. One category of unofficial withdrawal happens if you did not complete the withdrawal process or otherwise notify the school of the intent to withdraw due to illness, accident, grievous personal loss or other circumstances beyond your control. If the failure to properly withdraw is beyond your control, the withdrawal date is the date you no longer were able to attend class.

2. A second category of unofficial withdrawals encompasses all other withdrawals where official notification is not provided to the school. For these withdrawals the withdrawal date is the midpoint of the term, unless otherwise documented.

Time Frame of Withdrawal Date for an Unofficial Withdrawal

For Unofficial withdrawals, a school must process aid adjustments for unofficial withdrawals within 45 calendar days from the earlier of; (1) the end of the payment period or period of enrollment, (2) the end of the academic year, or (3) the end of the student's educational program.

At the end of each term, our office identifies students who did not successfully complete any courses. For students who do not earn a passing grade in any course, a notice will be sent to instructors asking for verification of the last date of attendance at an academically related activity. Examples of academically related activities are:

- Examinations or quizzes
- Tutorials
- Computer-assisted instruction
- Academic advising or counseling
- Academic conferences
- Completing an academic assignment, paper, or project
- Attending a study group required by the institution where attendance is taken

In the absence of evidence of a last day of attendance at an academically related activity, the student who failed to earn a passing grade in any class is considered to be an unofficial withdrawal. Also, if attendance documentation is not received, a return of financial aid funds calculation will occur using the midpoint (50%) as the point for the unofficial date of withdrawal.

Satisfactory Academic Progress

Last Revised: Apr 2012
Review Date: Jan 2015
Policy Statement:

The Higher Education Act of 1965, as amended, requires institutions of higher education to establish and apply standards of academic progress that must be met by all students in order to qualify and remain eligible for assistance from the Title IV student financial aid programs. Georgia Tech has elected to apply the standards set forth below to all students who receive aid from any of the following programs: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Helping Outstanding Pupils Educationally (HOPE), Federal Work-Study (FWS), Federal Perkins Loan, Federal Direct Student Loan, the Federal Direct Parent Loan for Undergraduate Students (PLUS), the Federal Direct Graduate PLUS Loan, and Institute grants and scholarships. The standards against which applicants for and recipients of financial assistance are measured include both qualitative and quantitative measures.

Qualitative

You must maintain a cumulative minimum grade point average of:
1.7 as a freshman,

1.9 as a sophomore,

2.0 as a junior and senior,

3.0 for a Masters program, effective Summer 2012 (previously 2.7)

and a 3.0 for a PhD program

**Quantitative/Pace**

You must also satisfactorily complete a cumulative minimum of 75 percent of all credit hours for which you are registered at the end of each Phase III registration.

The academic record of each aid recipient is reviewed at the end of each semester. The review includes all semesters of attendance at Georgia Tech, whether or not financial aid was received. If you fail to meet either of the above requirements, you will be placed on financial aid warning until the next review; you will remain eligible for assistance while on warning status.

If you are already on warning and have not removed the deficiencies and met both the qualitative and quantitative cumulative minimums at the end of the next semester of attendance, you will be placed on financial aid suspension; you will not be eligible for further assistance until such time as the cumulative minimums have been met. Courses in which the following grades are received constitute credit hours satisfactorily completed: A through D; S for pass/fail courses. Courses in which the following grades are received do not constitute credit hours satisfactorily completed: F - failure; I - incomplete; U - failure of pass/fail course; W - withdrawn. Courses audited may not be used to qualify for financial aid and are not counted in determining the number of hours for which you have registered. Courses repeated do not replace the original grade. Your scholastic average will include both grades, and both times the course is taken will count as hours for which you have attempted. Repeated coursework, however, does not count as additional hours earned for purposes of determining Satisfactory Academic Progress.

If you are required to take PREP (developmental) courses, you must pass all requirements within the first three semesters in residence. Such courses are taken on a pass/fail basis and are not counted in determining the number of hours for which you have registered.

Courses completed at other institutions are not used in determining eligibility under the qualitative measure. However, transfer hours accepted for credit toward a degree from Georgia Tech will be counted for purposes of the maximum time frame (see next section). Such hours will be counted by subtracting them from the hours normally required for graduation in your program of study. Effective Fall 2011, accepted transfer hours are calculated into the quantitative/Pace requirement.

**Maximum Time Frame - Undergraduates**

The Higher Education Act requires that institutions establish a maximum time frame in which students receiving Title IV funds are expected to complete the program of study and beyond which they no longer qualify for assistance. At Georgia Tech, eligibility to receive Title IV assistance ends when you have registered for 133 percent of the number of hours required for graduation in your program of study, including any transferred hours accepted for credit toward the degree. For an undergraduate student, this equates to approximately six academic years of course work, depending on the specific major.

**Maximum Time Frame - Graduates**
Maximum time frames for graduate studies are: master's - 6 semesters; doctoral - 12 semesters. Graduate students whose programs of study cannot be accomplished within these maximums must furnish documentation from their department to support any extension. OSFA knows and understands that several factors contribute to a graduate student's academic progress. The standard we utilize looks at hours attempted and terms enrolled, but we recognize that your graduate/thesis advisor is the authority that we need to depend upon to help us properly document our files and assess your situation appropriately.

**Grade Substitution Policy**

For more details on the impact of the grade substitution policy on financial aid, please visit: [Grade Substitution Policy](#)

**Appealing a Satisfactory Academic Progress Suspension**

Information on appealing a suspension of your financial aid due to not meeting Satisfactory Academic Progress standards can be found on our [Appeals page](#).

**Student Appeals**

**Policy Book:** Student Life  
**Last Revised:** Jul 2011  
**Review Date:** Jan 2015  
**Policy Statement:**

The OSFA routinely makes decisions concerning a student's eligibility to initially receive or continue to receive student financial aid. You may appeal in writing all decisions that impact your eligibility to receive student financial aid. The appeal decision is made by the counselor, who is charged with the overall processing and updating of the individual student file. Procedures have been developed in an effort to expedite the appeals process, to reach consistent decisions, and to center the initial decision at the counselor level.

The following is a chronological list of the general procedures for a student appeal:

- You appeal in writing, requesting that special consideration be given to a specific situation.
- The committee uses professional judgment to make a decision on the request.
- If the appeal is approved, you are notified as to the specific restrictions of the approval.
- If the decision is denial, the appeal is automatically presented to the Internal Review Committee.
- The committee approves or denies the appeal and notifies you.
- The committee’s decision should be considered final. However, if there is additional information/documentation, you may appeal the decision to the Associate Director of the OSFA, providing the new support for your request.

Following are the most commonly requested exceptions to the policy, including a brief description of the minimum documentation required.

**Satisfactory Academic Progress (SAP)**

*If an appeal is approved for the following situations, SAP status will be updated to "probation".*

**GPA/75 percent minimum credit hours:**

You must complete and submit an [Appeal of Financial Aid Suspension form](#) explaining the causes beyond your control that brought about the current situation. You should include with this form any documentation that would support the
appeal (i.e., hospital records, etc.).

**Maximum time frame:**

You must complete and submit an Appeal of Financial Aid Suspension form explaining why you have exceeded the maximum time frame, including valid reasons for an extension (e.g., transfer hours, change of major, etc.). The form must include a specific list of the courses you are required to take in order to complete your degree. The maximum number of attempted hours allowed through appeal is 150% of the number of hours required for the degree program.

**Dependency**

Independence is granted in cases with unusual circumstances where there is a legal or physical obstacle to obtaining parental information. For example, a dependent student whose parents are institutionalized, incarcerated, or under a restraining order would be considered a likely candidate for independent status. In such a case, you must submit a detailed letter explaining your position, accompanied by a court document verifying a legal obstacle to obtaining parental information, or two notarized statements (from a counselor, member of the clergy, teacher, etc.) verifying a physical obstacle.

**Adjustment to Income**

The OSFA will consider adjusting your (or your parent's) income figures to reflect a change in employment if the change was involuntary, permanent, and resulted in substantial loss of income. You must submit a letter explaining the change in income. The letter must include valid reasons why the OSFA should consider an adjustment. You also must submit substantial third-party documentation of income change (e.g., separation from employment notice). Additionally, you must submit a statement of projected income to include sources of income and any other supporting documents such as check stubs or letters from employers. Click here for additional information on Special Circumstances Appeals.

**Cost of Attendance**

Eligibility for financial aid is based on standardized cost of attendance figures. Certain other costs in excess of these amounts may be taken into consideration.

Housing Policies

Policy Book: Student Life

The Department of Housing and Residence Life Policies are designed to assist in the physical, academic, emotional and financial protection of the members of our residential community. As part of an academic community, all members share responsibility for its growth and general welfare. Other responsibilities include respecting others’ rights to sleep and study, knowing and abiding by the code of conduct for Georgia Tech and Housing, and keeping residence halls safe. Along with these responsibilities come inherent rights that members of our community share. Among these are the right to freedom from discrimination, the opportunity to be heard and the right to fair and impartial treatment.

Residence Hall Community Policies:

The Georgia Tech Department of Housing Community and Services Guide, also known as Guide to Community Living, serves as the official publication of Housing's policies and rules. It is revised each year. Members of the Tech residential community are held to these standards and should become familiar with them.

Missing Student Notification Policy

Policy Book: Student Life
Type of Policy: Administrative
Last Revised: Nov 2018
Review Date: Sep 2022
Policy Owner: Student Life
Contact Name: John Stein
Contact Title: AVP for Student Engagement & Well-Being and Dean of Students
Contact Email: john.stein@vpss.gatech.edu
Reason for Policy:
Georgia Institute of Technology is committed to providing a safe and secure environment for faculty, staff, students and visitors. In our efforts to continue to protect our campus community, the Institute must develop policies and procedures that proactively address safety on and around campus. The Jeanne Clery Act requires colleges and university to publish safety policies and procedures for the campus community. The Missing Student Notification policy details the process to be followed in the event that a student is determined to be missing.

Policy Statement:
If there is reason to believe that a student has been missing (i.e., when his or her whereabouts are unknown and unexplainable for a period of time regarded as highly unusual or suspicious in consideration of the person’s usual behavior, patterns, routines or plans), the person realizing that the student is missing must contact one of the following: Division of Student Life, Georgia Tech Police Department (“GTPD”), and/or the Department of Housing. Any campus official who is aware that a student living on-campus has been, or may have been, missing must immediately notify the GTPD either in person or by phone at 404-894-2500. All faculty, staff and students are encouraged to report when they suspect a student is missing, however, Campus Security Authorities are required to report a missing student to the Georgia Tech Police Department.

Scope:
This policy applies to faculty, staff and students.

Policy Terms:
Campus Security Authority
Any Institute employee who has significant responsibility for student and campus activities, he or she is a campus security authority.
Procedures:

4.1 Missing Student Notification Procedures

Notification Process
Any campus official who is aware that a student has been, or may have been, missing should immediately notify the GTPD in person or by phone at 404.894.GTPD (2500). There is no waiting period to report a missing person to GTPD.

Upon notification that a person is or may be missing, GTPD will give full consideration and attention to the report, including careful recording of factual circumstances surrounding the disappearance and identifying those cases when an individual may be in jeopardy. GTPD will exercise particular care in instances involving individuals who may be mentally or physically impaired, missing or unidentified children, and others who are insufficiently prepared to take care of themselves. If it is determined that a student is missing, GTPD will notify the appropriate campus administrators (e.g., AVP for Student Engagement & Well-Being and Dean of Students, Director of Housing, etc.) and additional law enforcement agencies as appropriate. Although an investigation will begin upon notification, a student will be officially classified as a missing person if 24 hours have elapsed since their last known contact.

Students are encouraged to identify a confidential contact person or persons who will be notified by GTPD or by the Division of Student Life if the student is determined to be missing. If a student has identified a confidential contact, the Office of the Dean of Students will notify that contact within 24 hours after the student is determined to be missing. If the student is under the age of 18, and not emancipated, the Office of the Dean of Students will notify the student’s custodial parent or legal guardian and the confidential contact person after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through OSCAR under the “Personal Information” menu. A student may view and update the “Housing Missing Person Contact” at any time. Once a determination has been made that a student is missing, the Institute will notify local law enforcement within 24 hours.

All contact information collected for the purpose of missing students shall remain confidential and will be used only for the purpose specified herein and will not be disclosed outside the realm of a missing student investigation.

## Student Code of Conduct

**Policy Book:** Student Life

**Review Date:** Mar 2024
**Policy Owner:** Student Life
**Contact Name:** John Stein
**Contact Title:** Associate Vice President for Student Life & Dean of Students

Policy Statement: The most current Student Code of Conduct (the “Code”) can be found on the Policy Library web site as listed in the References. In the event of any conflict, the Code found in the Policy Library will govern.

**Table of Contents**

A. General
B. Definitions
C. Prohibited Non-Academic Conduct
A. GENERAL

The Code educates all members of the Georgia Tech Community about the Institute’s expectations and Students’ rights and creates a standard by which Students are expected to conduct themselves for the purpose of establishing an environment conducive to academic excellence. Georgia Tech Students, Registered Student Organizations, and Groups are responsible for their own behavior, and the Institute has the authority to establish an internal structure for the enforcement of its policies and procedures, the terms of which students have agreed to accept by their enrollment.

1. Authority
   a. The Code is not written with the specificity of a criminal statute and should not be confused with criminal law. Institute conduct proceedings are not restricted by the rules of evidence governing criminal and civil proceedings. Students may be charged under multiple sections of the Student Code of Conduct (Non-Academic Misconduct, the Academic Misconduct) based upon the same conduct. Students may be held accountable both to civil or criminal authorities and the Institute for acts that constitute violations of law and the Policy. Proceedings under this Policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings. Students who reside in Institute housing are subject to Housing policies and procedures in addition to this Code.

   b. Sexual misconduct is not governed by this Code, but by the Sexual Misconduct Policy, including its procedures and sanctions.

   c. The Office of Student Integrity (OSI), in consultation with the Office of the General Counsel, shall develop consistent operating procedures for the administration of the Conduct Process and for the conduct of Student Conduct Panel hearings.

   d. Any question of the interpretation or application of the Code shall be referred to the Associate Vice President for Student Life & Dean of Students for final determination.

   e. In any instance in which reference is made to an official of the Institute, such reference shall mean the official or the official’s designee.

2. Jurisdiction

   a. The Institute shall take necessary and appropriate action to protect the safety and well-being of its community. Accordingly, student conduct should be addressed when such acts occur on Institute property, at Institute-sponsored or affiliated events, or otherwise violate the Institute’s student conduct policies, regardless as to where such conduct occurs. If the student has admitted responsibility and has voluntarily decided to participate in the informal process, the procedures outlined in this section will not apply. Academic misconduct relevant to any Institute activity will be addressed regardless of where it may have occurred. Non-academic misconduct will be addressed whenever such acts:

       1. occur on Institute Premises;
       2. occur at Institute-sponsored activities;
       3. occur at Student Group or Organization Activities;
4. occur online or through an electronic medium; or
5. occur off Institute Premises when conduct adversely affects the Institute and/or the pursuit of its objectives.

b. Each Student shall be responsible for their conduct under this Code from the time of application for admission through the actual awarding of a degree. This includes conduct that may occur before classes begin or after classes end during the academic year, as well as during time periods between terms of actual enrollment. The Code shall apply to a Student’s conduct even if the Student withdraws from school while a disciplinary matter is pending. The Code applies to Institute programs in virtually remote and overseas locations.

c. The Institute shall retain the ability to adjudicate matters that occurred during a Student’s enrollment at Georgia Tech.

3. Inappropriate Classroom Behavior
The primary responsibility for managing the classroom environment rests with the instructor. Students who engage in any acts that result in disruption of a class may be directed by the instructor to leave the class for the remainder of the class period. Longer suspensions from a class can be administered only by the Associate Vice President for Student Life & Dean of Students in accordance with this Code.

4. Registered Student Organization Discipline
Registered Student Organizations are subject to this Code. Any Registered Student Organization accused of committing or attempting to commit one or more acts of misconduct is subject to the conduct procedures outlined in Section F.

E. INTERIM MEASURES

Interim measures may be implemented by the Institute at any point after the Institute becomes aware of the alleged student misconduct and should be designed to protect any student or other individual in the USG community. To the extent interim measures are imposed, they should minimize the burden on both the alleged victim Complainant (where applicable) and the Respondent, where feasible. Interim measures may include, but are not limited to:

1. Change of housing assignment;
2. Issuance of a “no contact” directive;
3. Restrictions or bars to entering certain Institute Premises;
4. Changes to academic or employment arrangements, schedules, or supervisions;

6. Other measures designed to preserve the safety and well-being of the parties and the Institute’s Community.

Any reports that involves allegation(s) of conduct that could lead to the suspension or expulsion of the Respondent(s) in an initial report must be promptly reported to the System Director.

Interim Suspension:

In certain circumstances the Associate Vice President for Student Life & Dean of Students may impose a suspension prior to the investigation and resolution process.

1. The Associate Vice President for Student Life & Dean of Students will determine if interim suspension is warranted. Interim suspensions should occur only where necessary to maintain safety and shall be limited to situations where the Respondent poses a serious and immediate danger or threat to persons or property. In making such an assessment, the Associate Vice President for Student Life & Dean of Students shall consider the existence of a significant risk to the health or safety of the Complainant (where applicable) or the campus community; the nature, duration, and severity of the risk; the probability of potential injury; and whether less restrictive means can be used to significantly mitigate the risk.

Before an interim suspension is issued, the institution must make reasonable efforts to give the Respondent the opportunity to be heard on whether the Respondent’s presence on campus poses a danger. If an interim suspension is issued, the terms of the suspension shall take effect immediately. The Respondent shall receive notice of the interim
suspension and the opportunity to respond to the interim suspension. The Student shall be notified in writing of this action and the reasons for the interim suspension. Within three business days of receiving a challenge the institution will determine whether the interim suspension should continue.

2. During the interim suspension the Student may be denied access to classes, campus facilities, and all other Institute activities or privileges.

3. Cases of interim suspension shall be given priority and will be expedited through the conduct process.

F. CONDUCT PROCEDURES

1. Case Referrals

Any person may file a complaint against a Student, Group or RSO for violations of the Code. The procedures for filing a complaint are on the OSI website.

The complaint shall be prepared in writing and directed to OSI. Complaints should include as much information as possible – such as: (1) the type of misconduct alleged; (2) the name and contact information of the Respondent; (3) the date(s), time(s), and place(s) of the misconduct; (4) the name(s) and contact information of any individual(s) with knowledge of the incident; (5) whether any tangible evidence has been preserved; and (6) whether a criminal complaint has been made.

The complaint should be submitted as soon as possible after the event takes place or when it is reasonably discovered, generally within thirty (30) Business Days following the discovery of the incident. The Complainant should forward any supporting documentation to OSI within ten (10) Business Days of the original submission or OSI may process the case based solely on the original complaint. OSI may also initiate a complaint based upon information received.

Complainants may file a report with law enforcement as well as with OSI.

Confidentiality: Where a Complainant (where applicable) requests that their identity be withheld or the allegation(s) not be investigated, the Institute should consider whether or not such request(s) can be honored while still promoting a safe and nondiscriminatory environment for the institution and conducting an effective review of the allegations. The institution should inform the requesting party that the institution cannot guarantee confidentiality and that even granting requests for confidentiality shall not prevent the institution from reporting information or statistical data as required by law, including the Clery Act.

Retaliation: Anyone who, has made a report or complaint, provided information, assisted, participated or refused to participate in any investigation or resolution under applicable Board of Regents or Institute Policy shall not be subjected to retaliation. Anyone who believes they have been the subjected to retaliation should immediately contact the appropriate department or individual(s) for that institution. Any person found to have engaged in retaliation shall be subject to disciplinary action, pursuant to Institute Policy.

False Complaints/Statements: Individuals are prohibited from knowingly giving false statements to an institution official. Any person found to have knowingly submitted false complaints, accusations, or statements, including during a hearing, in violation of applicable Board of Regents or Institute Policy shall be subject to appropriate disciplinary action (up to and including suspension or expulsion) and adjudicated pursuant to Institute Policy.

Amnesty: Students should be encouraged to come forward and report violations of the law and/or student code of conduct notwithstanding their choice to consume alcohol or drugs. Information reported by a student during the conduct process concerning their consumption of drugs or alcohol will not be voluntarily reported to law enforcement;
nor will information that the individual provides be used against the individual for purposes of conduct violations. Nevertheless, these students may be required to meet with staff members regarding the incident and may be required to participate in appropriate educational program(s). The required participation in an educational program under this amnesty procedure will not be considered a sanction. Nothing in this amnesty procedure shall prevent an Institute staff member who is otherwise obligated by law (the Clery Act) to report information or statistical data as required.

2. Communications

All communications (requests for meetings, notifications, notice of hearings, etc.) will be provided via official Institute e-mail addresses, as defined by the Office of Information Technology. If the Respondent is not currently enrolled, the notification will be sent via U.S. Postal Service to the last known address on file with the Registrar.

3. Rights

Throughout the Conduct Process, the Respondent, as party to the proceedings, is granted the following rights:

1. to seek information from a Student Conduct Administrator and/or Investigator;
2. to be informed of the charge(s) and alleged misconduct upon which the charge is based;
3. to be informed of the Information upon which a charge is based and afforded an opportunity to offer a relevant response;
4. to use an Advisor;
5. to remain silent with no inference of responsibility drawn;
6. to call and question relevant Witnesses;
7. to present Information in his/her behalf;
8. to be considered not responsible until proven responsible by a Preponderance of the Evidence;
9. to be informed of the outcome of the disciplinary proceeding in writing;
10. to appeal the decision;
11. to waive any of the above rights; and
12. to have resolution of the case within a reasonable time.

Throughout the Conduct Process, the Complainant (where applicable), as party to the proceedings, is granted the following rights:

1. to have an Advisor of their own choosing, at their own expense;
2. to be informed of the outcome of the disciplinary proceeding in writing; and
3. to appeal the decision.

Throughout the Conduct Process, Witnesses have the right to remain silent with no inference of responsibility drawn.

4. Investigation and Resolution Process

Initial Evaluation of Incident Reports

a. After OSI receives a complaint, the Student Conduct Administrator will review the complaint and any supporting Information to decide what, if any process to initiate. The Student Conduct Administrator will determine whether the facts as alleged in the complaint or report are sufficient to initiate a Conduct Process.

- If the Student Conduct Administrator determines that the facts of the complaint or report, even if true, would not constitute a violation of Policy, no further action will be taken. Otherwise, the Student Conduct Administrator may (1) attempt to resolve the situation through an informal resolution process including, but not limited to, mediation or a meeting between the Respondent and a Student Conduct Administrator or a third party; or (2) perform an initial investigation to determine what charges should be brought against the Respondent and
whether those charges could potentially result in suspension or expulsion of the Respondent.

- The Respondent shall receive notice of the alleged misconduct with sufficient details, shall be provided an opportunity to respond, and shall be allowed to remain silent during the investigation and resolution process, without an adverse inference. Sufficient details include the identities of the parties involved, if known, a statement of the alleged misconduct violation(s), and the date and location of the alleged incident, if known. If the Respondent chooses to remain silent, the investigation may proceed, and Policy violation charges may still result and may be resolved against the Respondent.

b. If OSI receives multiple complaints involving the same Student, each complaint will be considered separately in determining whether a Conduct Process should be initiated. Multiple charges against the same Respondent will generally be investigated and adjudicated separately; however, multiple charges may be investigated and adjudicated together under appropriate circumstances, which may include, but are not limited to, consent of the parties, similar or related conduct, and the administrative burden of considering the charges separately.

c. Process for Cases which will Not Result in Suspension or Expulsion

1. If the Student Conduct Administrator initiates the Conduct Process, the Respondent is notified and is requested to contact the Student Conduct Administrator within five (5) Business Days of the notification to schedule an Administrative Conference. During the Conduct Process, the Respondent should continue to attend class and required Institute functions unless otherwise instructed by the Associate Vice President for Student Life & Dean of Students or OSI. Should the Respondent fail to contact the Student Conduct Administrator within five (5) Business Days, or fail to attend the Administrative Conference, the Student Conduct Administrator may resolve the case in the Student’s absence, or may refer the case to a Student Conduct Panel.

2. At the Administrative Conference, the Respondent is presented with the alleged violation of the Student Code of Conduct, supporting Information, and an explanation of his/her rights. The Respondent may bring an Advisor. However, if the Advisor disrupts the investigation and resolution process, they may be asked to leave. The Respondent will be provided the opportunity to present their version of the reported incident.

d. Process for Cases Which May Result in Expulsion or Suspension

1. In cases which may result in expulsion or suspension, Georgia Tech must notify the System Director pursuant to USG Policy 4.6.

2. The Complainant (where applicable) and Respondent shall be provided with written notice of the complaint/allegations, pending investigation, possible charges, possible sanctions, available support services, and the identity of the Investigator(s). Notice should be provided via institution e-mail to the address on file.

3. Upon receipt of the written notice, the Respondent shall be given five (5) Business Days to respond in writing. In that response, the Respondent shall have the right to admit or to deny the allegations, and to set forth a defense with facts, Witnesses, and supporting materials—whether written or electronic—in support. Failure to respond by the deadline will be considered a general denial of the alleged misconduct.

4. After review of the Respondent’s response, the investigation shall continue with interviews of the Respondent, the Complainant (where applicable) and other relevant Witnesses; collection and review of documents or other physical or electronic information; and any other steps deemed necessary by the Investigator. The Investigator should retain written notes and/or obtain written or recorded statements from each interview. The Investigator shall also keep a record of any proffered Witnesses not interviewed, along with a brief, written explanation.

5. The investigation shall be summarized in writing in an initial investigation report and provided to the Respondent and the Complainant (where applicable and permissible by law) in person or via email. This summary should clearly indicate any resulting charges (or alternatively, a determination of no charges), as well as the facts and evidence in support thereof and possible sanctions.

6. To the extent the summary report indicates that the Respondent will be charged with any violation, the Respondent shall have the opportunity to respond in writing. The Respondent’s written response to the report
shall be due no later than three (3) Business Days following the date of the report. The Respondent’s written response should outline a plea in response to the charge(s), and where applicable, the defense(s), and the facts, Witnesses, and documents – whether written or electronic – in support. The Respondent’s failure to submit a written response to the charge(s) within three (3) Business Days will be interpreted as a denial of the charge(s).

7. The Investigator shall conduct further investigation and update the investigative report if warranted by the Respondent’s response.

8. The final investigative report shall be provided to the Student Conduct Panel or Student Conduct Administrator for consideration in adjudicating the charges brought against the Respondent. A copy shall also be provided to the Respondent and the Complainant (where applicable) before any hearing. The Investigator may testify as a Witness regarding the investigation and findings but shall otherwise have no part in the hearing process and shall not attempt to otherwise influence the proceedings outside of providing testimony during the hearing.

9. During the Conduct Process, the Respondent should continue to attend class and required Institute functions unless otherwise instructed by the Associate Vice President for Student Life & Dean of Students or OSI.

e. The case will be adjudicated by the Student Conduct Administrator or a Student Conduct Panel. The Respondent shall have the option of having the charges heard by either the Student Conduct Administrator or by a Student Conduct Panel. The Respondent may also request that the case be adjudicated by a different Student Conduct Administrator than that initially authorized to hear the case in the event of perceived bias of the initially authorized official. The Student’s reasons for their preference must be conveyed to the Associate Vice President for Student Life & Dean of Students, in writing, before the investigation begins. Ordinarily, the Student’s preference will be honored; however, the Associate Vice President for Student Life & Dean of Students will make the final decision in their sole discretion. If the Student’s preference is not honored, the rationale for the decision will be provided to the Student in writing. The Associate Vice President for Student Life & Dean of Students reserves the right to determine the process to be used based on the relevant facts and circumstances, including, but not limited to:

1. imminent graduation of the Student;
2. end of the semester; or
3. extraordinary circumstances.

f. If the case is to be adjudicated by the Student Conduct Panel, the case shall be referred to the Student Conduct Panel and follow the procedures outlined in Section F-5-b.

Resolution of the case should be made within thirty (30) Business Days of the Administrative Conference. If resolution cannot be reached in thirty (30) Business Days, OSI will inform the Respondent and Complainant (where applicable). OSI may waive this timeline for good cause.

5. Forms of Case Resolution

In no case shall a hearing to resolve charge(s) of student misconduct take place before the investigative report has been finalized or before the Respondent has had an opportunity to respond in writing, unless the Respondent has chosen to go through an informal process or otherwise provided a written waiver of rights to these procedures. Further, unrelated charges and/or cases shall be heard separately unless the Respondent consents to the charges/cases being heard jointly.

Where the Respondent contests the charges, and after the investigative report has been finalized and copies provided to the Respondent and the Complainant (where applicable and permissible by law) the case shall be set for hearing; however, in cases with a Complainant, the Complainant and Respondent may have the option of selecting informal resolution, except where deemed inappropriate by the Associate Vice President for Student Life & Dean of Students, (or their designee) or the System Director.
Where a case is not resolved through informal means, the charges shall be heard either by an Administrator or a Student Conduct Panel. Notice of the date, time, and location of the hearing, shall be provided to the Respondent and the Complainant (where applicable) at least five (5) Business Days prior to the hearing. Hearings shall be conducted in person or via conferencing technology as reasonably available.

The following standards will apply to any such hearing, whether before an Administrator or a Student Conduct Panel:

1. The Respondent and Complainant (where applicable) shall have the right to present Witnesses and evidence to the hearing officer or panel. Witness testimony, if provided, shall pertain to knowledge and facts directly associated with the case being heard. The Respondent and Complainant (where applicable) shall have the right to confront any Witnesses, including the other party, by submitting written questions to the Hearing Officer or Hearing Panel for consideration. Advisors may actively assist in drafting questions. The Hearing Officer or Hearing Panel shall ask the questions as written and will limit questions only if they are unrelated to determining the veracity of the charge leveled against the Respondent(s). In any event, the Hearing Officer or Hearing Panel shall err on the side of asking all submitted questions and must document the reason for not asking any particular questions.

2. Where the Student Conduct Administrator or panel determines that a party or Witness is unavailable and unable to be present due to extenuating circumstances, the Student Conduct Administrator or panel may establish special procedures for providing testimony from a separate location. In doing so, the Student Conduct Administrator or panel must determine there is a valid basis for the unavailability, ensure proper sequestration in a manner that ensures testimony has not been tainted, and make a determination that such an arrangement will not unfairly disadvantage any party. Should it be reasonably believed by the Student Conduct Administrator or panel that a party or Witness who is not physically present has presented tainted testimony, the Student Conduct Administrator or panel will disregard or discount the testimony.

3. Formal judicial rules of evidence do not apply to the investigatory or resolution process.

4. The standard of review shall be a Preponderance of the Evidence; however, any decision to suspend or to expel a student must also be supported by Substantial Evidence at the hearing.

5. The Institute shall maintain documentation of the proceedings, which may include written findings of fact, transcripts, audio recordings and/or video recordings.

6. Following a hearing, both the Respondent and Complainant (where applicable) shall be provided a written decision of the outcome and any resulting sanctions. The decision shall include details on how to appeal, as outlined below. Additionally, the written decision shall summarize the evidence in support of the sanction. The same form will be completed, regardless of whether the student opts for a student panel or an administrative hearing.

a. Administrative Resolution

The Student Conduct Administrator renders a decision of: 1) Not Responsible, which closes the case, or 2) Responsible for one or more violations with an appropriate Sanction, and, as warranted, one or more from among the Supplementary Requirements. The Respondent, after being notified of the Student Conduct Administrator’s decision, may submit an appeal to the Associate Vice President for Student Life & Dean of Students according to the appeal procedures described in Section H.

b. Student Conduct Panel

1. Decisions and Sanctions

The Student Conduct Panel, after convening a hearing, recommends a disciplinary decision to the Director of Student Integrity. The Director of Student Integrity, after reviewing the case, renders a decision of 1) Not Responsible, which closes the case, or 2) Responsible for one or more violations of the Policy with an appropriate Sanction and, as warranted, one or more from among the Supplementary Requirements. The Respondent, after being notified of the decision and Sanction, may appeal to the Associate Vice President for
2. **Scheduling of Student Conduct Panel Hearing**

After the case is forwarded to a Student Conduct Panel, the Complainant and the Respondent will be notified of available dates and times for a hearing. The Respondent may indicate preferences from among the available dates and times. These preferences will be considered by OSI if received within three (3) Business Days of the date the options were presented to the Respondent.

This official notice will be provided at least five (5) Business Days prior to the hearing and will include the time, date, and location of the hearing. In addition, the notice will specify the Complainant(s), Witness(es), and nature of the alleged misconduct. The Respondent may waive the notification timeline in order to expedite the hearing process. Upon request, the Respondent may meet with a Student Conduct Administrator to review Information and hearing procedures.

c. **Faculty Conference (optional academic case resolution)**

A faculty conference is an optional way in which an alleged act of academic misconduct can be resolved.

1. Initiation of Complaint

The Faculty Conference is initiated by the instructor of record, who requests the meeting with the Respondent to discuss the alleged misconduct. Should the Respondent not choose to participate in a Faculty Conference, the instructor should forward the case to OSI for investigation.

2. Participants

The Faculty Conference involves the instructor of record and the Respondent. The Faculty Conference may also involve Witnesses and a representative from OSI if requested by either the instructor or the Respondent.

3. Process

During the Faculty Conference, the instructor of record explains the alleged misconduct, supporting Information, and the Rights of the Respondent. The Respondent can provide: 1) his/her response to alleged misconduct, 2) supporting Information, and 3) Witnesses.

4. Conclusion

- If the instructor finds the Respondent not responsible, the case is closed.
- If the instructor finds the Respondent responsible, but the Respondent does not admit responsibility, the instructor forwards the case to OSI for investigation.
- If the instructor finds the Respondent responsible, and the Respondent acknowledges responsibility, the instructor proposes a Faculty Resolution including: 1) a Sanction of disciplinary warning, or disciplinary probation; 2) a grade penalty; and 3) an educational component.
- If the Respondent agrees to the Faculty Resolution, the Faculty Member forwards the resolution to OSI for consideration. OSI will determine if the Respondent has prior disciplinary history. If so, in the case will be investigated by OSI, in accordance with Section F-4.
- If the Respondent does not agree to the Faculty Resolution, the Faculty Member forwards the case to OSI.

5. Implementation

- The Respondent is formally notified of the proposed Faculty Resolution by OSI, according to the communication guidelines in Section F-2.
• The Faculty resolution goes into effect upon delivery unless the Respondent requests within five (5) Business Days that the case be forwarded to OSI for investigation.

6. Hearing Participants and Attendees

• Student Conduct Panel hearings shall ordinarily be closed except for the Respondent(s), the Complainant(s), Advisor(s), and Witnesses. Exceptions may be made at the discretion of the Chair. Witnesses are allowed at the discretion of the Chair. The Chair may exclude any person, including the Respondent, who disrupts a hearing.
• A Respondent who fails to appear after proper notice will be deemed to have responded "Not Responsible" to the charges against him/her and to have exercised the right to remain silent without prejudice. At the discretion of the Chairperson the hearing may be conducted in the absence of the Student(s) and all the Information regarding the alleged misconduct shall be presented and considered.
• The Complainant(s) and Respondent(s) may be accompanied by an Advisor and up to two (2) family members. The Complainant(s) and/or Respondent(s) should select an Advisor who can attend the hearing at the scheduled date and time. Delays are not usually granted due to scheduling conflicts of an Advisor.
• Subject to the Chairperson's control of the hearing, the Complainant(s), Respondent(s), and their Advisor(s), and up to two (2) family members may be allowed to attend the Student Conduct Panel hearing, but not Panel deliberations.
• In Student Conduct Panel hearings involving more than one Respondent, OSI may permit the Student Conduct Panel hearings concerning each Student to be conducted either separately or jointly.
• A maximum of two (2) character Witnesses will be allowed in a hearing.

7. Hearing Procedures for Student Panel

• The Chair shall exercise control over the proceedings to achieve orderly completion of the hearing.
• Advisors are restricted to private communications with their advisee(s). If the Advisor disrupts the hearing process, he/she may be asked to leave.
• All questions by the Complainant(s) and Respondent(s) must be directed to the Chairperson, rather than to the Witness directly. Questions of whether potential Information will be received shall be resolved at the discretion of the Chairperson.
• In addition to the Information provided by OSI, the Student Conduct Panel, at the discretion of the Chair, may accept additional pertinent information and testimony (including impact statements). Any letters of recommendation submitted by the Respondent will be admitted for consideration at the discretion of the Chair and, if admitted, will be viewed only during Panel deliberations.
• All procedural questions arising during the hearing are subject to the final decision of the Chair.
• The Student Conduct Panel’s standard of proof shall be a Preponderance of the Evidence. Where the potential sanctions for the alleged misconduct may involve a suspension or expulsion, the Panel’s finding must be supported by Substantial Evidence.
• The Student Conduct Panel in consultation with OSI, may reasonably accommodate concerns for the personal safety and well-being of the Complainant(s), Respondent(s), and/or Witnesses during the hearing.
• The Student Conduct Panel shall make a recording of the proceeding, which will serve as the official record of the hearing. No other recording will be permitted. The Respondent or the Complainant may request a copy of the Institute’s recording or may listen to the original recording in a location designated by OSI at no charge. The
record shall be the property of the Institute and is subject to the Family Educational Rights and Privacy Act of 1974, 20 USC §1232g.

G. SANCTIONS

Sanctions are imposed only when the Respondent is found responsible for one (1) or more violations of the Policy. All Sanctions are officially recorded. A Respondent who is found responsible must be given one of the four (4) Sanctions, listed in Section G-1 in ascending order of severity. The Respondent may also be subject to one or more Supplementary Requirements. There is no requirement that a Student receive less severe sanctions before more severe sanctions; some conduct may warrant immediate expulsion.

In determining the severity of sanctions or corrective actions the following should be considered: the frequency, severity, and/or nature of the offense, history of past conduct, a Respondent's willingness to accept responsibility, previous institutional response to similar conduct, strength of the evidence, and the wellbeing of the Institute community. The Institute will determine sanctions and issue notice of the same, as outlined above.

1. Sanction Descriptions

Disciplinary Warning
A disciplinary warning is a formal written notice that the Student, Group, or RSO has violated the Student Code of Conduct and that further violations may result in more serious disciplinary action. Students, Groups, or RSOs who receive a disciplinary warning are still considered in good standing with the Institute.

Disciplinary Probation
Disciplinary probation means there is a specified time period during which the Student, Group, or RSO is considered not in good standing with the Institute. Further violations during that time period may result in more serious disciplinary action, up to and including expulsion from the Institute.

Suspension
Suspension means a Student, Group, or RSO has been found responsible for violating the Institute’s Policy. Suspension is separation of the Student from the Institute for a specified period of time, after which the Student is eligible to return. Conditions for readmission may be specified by OSI or the Associate Vice President for Student Life & Dean of Students. A suspended Student shall immediately leave campus and may not re-enter campus without prior approval from the Associate Vice President for Student Life & Dean of Students. Students on suspension are not permitted to enroll in classes at the Institute during their suspension. OSI will determine when the Respondent has met the requirements for readmission. For an RSO, the Institute will withdraw recognition for the duration of the suspension. Any further disciplinary violation may result in disciplinary action up to and including Expulsion.

Expulsion
Expulsion means a Student, Group, or RSO has been found responsible for violating the Institute’s Policy. Expulsion is permanent separation and termination of the Respondent’s status as a Georgia Tech Student, and exclusion from Institute Premises, privileges, and activities. For an RSO, the Institute permanently withdraws recognition.

For suspension and expulsion, the Institute must articulate, in its written decision, the Substantial Evidence relied upon in determining that suspension or expulsion were appropriate.

2. Supplementary Requirements

- Restitution: Payment to the Institute or to an affected party for damages resulting from a violation of the Code.
- Fine: A monetary penalty paid to the Institute.
- Grade Change: Change of grade for the course and/or coursework in which the academic misconduct occurred.
• Programmatic Requirements: Required completion of designated educational programs (e.g., alcohol, community issues, anger management, assessments, etc.).
• Restrictions: Exclusion from participation in specified services and activities.
• Revocation of Admission and/or Degree: Admission to, or a degree awarded from the Institute may be revoked for fraud, misrepresentation, or other violation of Institute standards obtaining the degree, or for other serious violations committed by a Student prior to graduation.
• Withholding Degree: The Institute may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Code of Conduct, including the completion of all Sanctions and Supplementary Requirements, if any.
• Other Requirements may be imposed.

H. APPEAL PROCEDURES

Appeals may be made in any cases where sanctions are issued, even when such sanctions are held “in abeyance,” such as probationary or expulsion. Where the sanction imposed includes a suspension or expulsion, there are appellate procedures provided to the Respondent and Complainant at every level.

Any party may challenge the participation of any Institute official or employee in the process on the grounds of personal bias by submitting a written statement to the Institute’s designee setting forth the basis for the challenge. The written challenge should be submitted within a reasonable time after the party reasonably should have known of the existence of the bias. The Institute’s designee will determine whether to sustain or deny the challenge, and if sustained, the replacement to be appointed.

1. Reasons for Appeal

The appeal process is not intended to grant a new hearing at a higher level. An appeal shall be limited to a review of the record of the initial hearing, supporting documents, and the Respondent’s written appeal. The Respondent must explicitly state why he or she believes an appeal is warranted. Appeals will be considered only for the following reasons:

a. to consider new information, sufficient to alter the decision, or other relevant facts not brought out in the original hearing (or appeal), because such information was not known or knowable to the person appealing during the time of the hearing (or appeal);
b. to allege a procedural error within the hearing process that may have substantially impacted the fairness of the hearing (or appeal), including but not limited to whether any hearing questions were improperly excluded or whether the decision was tainted by a conflict of interest or bias by the Title IX Coordinator, Conduct Officer, investigator(s), or decision maker(s); or

c. to allege that the finding was inconsistent with the weight of the information.

2. Process

a. Effective date of sanctions

   • If a case is appealed, sanctions are not imposed while the appeal is pending unless the welfare of a person or the community is threatened.

   • Sanctions will be imposed if an appeal is not filed, the deadline for an appeal passes, or when an appeal decision has been finalized.

b. Appeal to the Associate Vice President for Student Life & Dean of Students
The appeal must be made in writing and must set forth one or more of the bases outlined above and must be submitted within five (5) Business Days of the date of the final written decision.

The appeal shall be a review of the record only, and no new meeting with the Respondent or the Complainant will be held. The Associate Vice President for Student Life & Dean of Students, or their designee, may affirm the original finding and sanction; affirm the original finding but issue a new sanction of greater or lesser severity; remand the case back to the decision-maker to correct a procedural or factual defect; or reverse or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand.

The Associate Vice President for Student Life & Dean of Students or their designee shall then issue a decision in writing to the Respondent within a reasonable time period, ordinarily ten (10) Business Days. This is the final decision of the Institute, unless the sanction is suspension or expulsion.

In cases where the Respondent has been expelled or suspended, the decision of the Associate Vice President for Student Life & Dean of Students may be appealed to the President or their designee solely on the three grounds set forth above.

c. Appeal to the President

The appeal to the President or their designee must be made in writing, must set forth one or more of the bases outlined above, and must be submitted within five (5) Business Days of the date of the final written decision by the Associate Vice President for Student Life & Dean of Students. The President’s designee shall normally be the Vice President for Student Engagement and Well-Being, unless there is a conflict of interest or the Vice President for Student Engagement and Well-Being is otherwise unavailable.

The appeal shall be a review of the record only, and no new meeting with the Respondent or the Complainant (where applicable) will be held.

The President or their designee may affirm the original finding and sanction; affirm the original finding but issue a new sanction of greater or lesser severity, remand the case back to any lower decision maker to correct a procedural or factual defect; or reverse or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand. The President or their designee's decision shall be issued in writing to the parties within a reasonable time period, ordinarily within ten (10) Business Days. The President or their designee's decision shall be the final decision of the Institute.

3. Appeal Decisions

Decisions of the Appellate Officer go into effect immediately. Appeals received after the designated deadlines will not be considered unless the Institute or Board of Regents has granted an extension prior to the deadline. If an appeal is not received by the deadline the last decision on the matter will become final.

4. Board of Regents

In cases where the President or their designee has received an appeal and issued a final decision, The Respondent or Complainant (where applicable) may file an application for discretionary review to the Board of Regents in accordance with the Board of Regents Policy 6.26, Application for Discretionary Review. Applications from USG students are permitted for final institution decisions other than decisions on admissions (including program admissions), residency, student grades, and traffic citations, as the final decision on those matters rests with the President or their designee. The application for review shall be submitted in writing to University System Office of Legal Affairs the within twenty (20) calendar days following the Institute’s final decision.

I. RECORD KEEPING AND RELEASE OF INFORMATION

1. Retention of Student Conduct Records

Georgia Tech retains student conduct records in accordance with USG Records Retention Schedules.

2. Release of Information
Student disciplinary files shall be governed by the Family Educational Rights and Privacy Act 20 U.S.C. § 1232g.

a. Academic or non-academic misconduct resulting in expulsion may be released to third parties indefinitely.
b. Academic misconduct that resulted in suspension may be released to third parties for five years after sanction completion.
c. Any non-academic misconduct that resulted in suspension where a potential threat to the campus community exists (including but not limited to illegal drug distribution, endangering or harming any person, or jeopardizing the safety of any person) may be released to third parties for five years after sanction completion. In instances of suspension where no threat to the community is identified, the suspension may be reported until the sanction is complete.
d. Any academic or non-academic misconduct that did not result in suspension or expulsion is not released to third parties.
e. The Institute requires a specific written request from the student to release the entire disciplinary record to third parties.

3. Parent/Legal Guardian Notification
Parents/Legal Guardians of Students under the age of 21 may be notified when a Student is found responsible for violating the Georgia Tech Student Policy on Alcohol and other Drugs when any of the following occur:

a. A Student endangers themselves or others while under the influence of alcohol or other substances. Specific instances include driving under the influence, fighting, alcohol poisoning, and hospitalization.
b. The Associate Vice President for Student Life & Dean of Students determines that any future violation of Institute Policy will most likely result in suspension from the Institute.
c. A Student Conduct Administrator determines that any future violation of Institute Policy will likely result in removal from housing.

4. Transcript Encumbrances
In pending cases that could result in Suspension or Expulsion, the Associate Vice President for Student Life & Dean of Students will normally place a temporary encumbrance (hold) on a Respondent’s records. The Associate Vice President for Student Life & Dean of Students will also place a hold on a Respondent’s records if the Respondent fails to respond to an official request to meet with a Student Conduct Administrator or the Associate Vice President for Student Life & Dean of Students, or if the Respondent fails to complete assigned Sanctions.

Reason for Policy: The Georgia Institute of Technology is committed to maintaining a learning environment that is safe and fosters the dignity, respect, and worth of students, faculty, and staff. Each member of the community has the responsibility to practice and to expect the highest ethical principles and standards of conduct. Persons who do not adhere to these principles and standards by the commission of sexual harassment or sexual misconduct damage the community and its members.  

This policy addresses the process and procedures for addressing complaints of sexual misconduct committed by students. The process and procedures for claims of sexual misconduct committed by employees are addressed in the Equal Opportunity, Nondiscrimination, and Anti-Harassment Policy issued by Human Resources and in the USG’s Human Resources Administrative Practice (HRAP) Manual (Prohibit Discrimination and Harassment).  

Policy Statement: Discrimination on the basis of sex is prohibited by the Georgia Institute of Technology. This prohibition applies to students, faculty, staff, and all other members of the Institute community.  

Complaints of sexual misconduct, including but not limited to nonconsensual sexual contact, sexual harassment, stalking, intimate partner violence, dating violence, and retaliation, shall be addressed as provided in Board of Regents Policy 6.7 (Sexual Misconduct Policy) and Policy 4.6.5 (Standards for Institutional Student Conduct Investigation and Disciplinary Proceedings) of the Policy Manual of the Board of Regents of the University System of Georgia. The Student Code of Conduct (Non-Academic Misconduct) may also apply where the Board of Regents policies are silent.  

Scope: The Board of Regents Sexual Misconduct Policy (Policy 6.7) applies to all members of the Institute community. Policy
4.6.5 sets forth the process and procedures for claims of sexual misconduct committed by students.

### Responsible Employees

Those employees who must promptly and fully report complaints of or information regarding sexual misconduct to the Coordinator. Responsible Employees include any administrator, supervisor, faculty member, or other person in a position of authority who is not a Confidential Employee or Privileged Employee. Student employees who serve in a supervisory, advisory, or managerial role are in a position of authority for purposes of this Policy (e.g., teaching assistants, residential assistants, student managers, orientation leaders).

### Sexual Exploitation

Taking non-consensual or abusive sexual advantage of another for one’s own advantage or benefit, or for the benefit or advantage of anyone other than the one being exploited.

Examples of sexual exploitation may include, but are not limited to, the following:

1. Invasion of sexual privacy;
2. Prostituting another individual;
3. Non-consensual photos, video, or audio of sexual activity;
4. Non-consensual distribution of photo, video, or audio of sexual activity, even if the sexual activity or capturing of the sexual activity was consensual;
5. Intentional observation of nonconsenting individuals who are partially undressed, naked, or engaged in sexual acts;
6. Knowingly transmitting an STD or HIV to another individual through sexual activity;
7. Intentionally and inappropriately exposing one’s breasts, buttocks, groin, or genitals in non-consensual circumstances; and/or
8. Sexually-based bullying.

### Sexual Harassment (Student on Student)

### Sexual Harassment (Other than Student on Student)

Unwelcome verbal, nonverbal, or physical conduct, based on sex (including gender stereotypes), that may be any of the following:

1. Implicitly or explicitly a term or condition of employment or status in a course, program, or activity;

3. Is sufficiently severe, persistent, or pervasive to interfere with one’s work or educational performance creating an intimidating, hostile, or offensive work or learning environment, or interfering with or limiting one’s ability to participate in or to benefit from an institutional program or activity.

The USG also prohibits unwelcome conduct determined by a Reasonable Person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to a USG education program or activity in violation of Title IX.

Procedures:

5.1 Reporting Options

To speak with a confidential resource
A student victim may speak confidentially with individuals designated as Confidential Employees (see “Definitions” section), including the Institute’s VOICE Advocates.

In this case, general information is collected for campus safety statistics without revealing information that would identify the victim.
### To pursue a Sexual Misconduct Investigation

A victim may report a violation verbally, or in writing to the Title IX Coordinator or Deputy Coordinators. A victim may also report a violation to any other Responsible Employee of the Institute, as defined in this Policy.

Certain types of sexual misconduct, as defined by Title IX and its implementing regulations, require the filing of a Formal Complaint in order to trigger an investigation. Board of Regents Policy 6.7.4 discusses the handling of Title IX complaints.

Upon the report of an alleged violation, the Responsible Employee will inform the victim of:

- the Responsible Employee’s obligation to report the alleged violation to the Title IX Coordinator; and
- the victim’s option to discuss available resources and supportive measures, including counseling, emotional or other support and investigation, with the Title IX Coordinator or a confidential VOICE Advocate; and
- the victim’s right to file a complaint with the Institute and to report a crime to Georgia Tech and/or local police.

To prepare for the official conduct process, students are encouraged to meet with a VOICE Advocate prior to making the official complaint with the Title IX Coordinator.

Victims are encouraged to report as soon as possible. However, the Institute will review all complaints of sexual misconduct.

### To seek a criminal investigation

A victim may file a report with Georgia Tech Police Department or local police for a criminal investigation, which may be sought in addition to a Georgia Tech investigation.

Reports to Georgia Tech Police Department of misconduct by students will be shared with the Title IX Coordinator and the Office of Student Integrity for follow-up.

The Office of the Dean of Students (including the Women’s Resource Center) can provide to a student victim a VOICE Advocate in the Office of Health Initiatives who can assist students with reporting to Georgia Tech Police Department or local police. Advocates are confidential and available 24 hours per day.

A victim may also choose not to file any report. In that case, a victim can still receive support services. Contact a confidential VOICE Advocate in the Office of Health Initiatives for assistance.
5.2 Hearing Procedures

<table>
<thead>
<tr>
<th>Hearing Panel</th>
</tr>
</thead>
<tbody>
<tr>
<td>The panel of any hearing for an accused student conducted pursuant to this policy shall consist of three members. Panelists shall be assigned to the panel by the Office of Student Integrity in alphabetical order from a list of appropriately trained and available Institute employees. The names and titles of persons available to serve as hearing panelists can be accessed <a href="#">here</a>.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Request for Recusal</th>
</tr>
</thead>
<tbody>
<tr>
<td>If a party to any student hearing conducted pursuant to this policy wishes to challenge the impartiality of any proposed panelist, the party may do so by making a written request for recusal to the Director of Student Integrity prior to the scheduled date of the hearing. All such requests for recusal shall specifically identify the alleged bias and include evidence in support of the request. The Director of Student Integrity shall rule on the request for recusal in writing within a reasonable time. If the Director grants the request for recusal, the recused panelist shall be excused and the next (in alphabetical order) available panelist shall be assigned to the hearing panel.</td>
</tr>
</tbody>
</table>

A party who wishes to challenge the impartiality of any official or employee in the student sexual misconduct process may also submit a written request for recusal to the Title IX Coordinator, identifying the alleged bias and supporting evidence. A decision will then be made to sustain or deny the challenge and, if sustained, a replacement will be appointed, if appropriate. Challenges to the Title IX Coordinator's impartiality may be made to the Executive Director of Equity and Compliance in Institute Diversity, Equity and Inclusion (IDEI).

Recordkeeping and Release of Information:

### Student Information

### Maintenance of Disciplinary Files

| A case referral results in the creation of a disciplinary file in the name of the Respondent. Disciplinary records of students found responsible for any charges against them will be retained for at least seven (7) years. Disciplinary records containing records of suspension and expulsion will be permanently retained. This file shall be destroyed if the student is found not responsible for the charges |

### Release of Information

| Student disciplinary records shall be governed by the Family Educational Rights of Privacy Act 20 U.S.C. § 1232g. |
Certain information regarding students who are suspended or expelled may be released to third parties.

Any misconduct that resulted in suspension where a potential threat to the campus community exists (including but not limited to illegal drug distribution, endangering or harming any person, or jeopardizing the safety of any person) may be released to third parties for five years after sanction completion. In instances of suspension where no threat to the community is identified, the suspension may be reported until the sanction is complete.

Any misconduct that did not result in suspension or expulsion is not released to third parties.

The Institute requires a specific written request from the student to release the entire disciplinary record to third parties.

Resources and Supportive Measures for Victims and Accused Students

Campus resources and supportive measures are available to both victims and accused students, where applicable.

In certain instances of sexual misconduct, for example rape, it is important for the victim to receive medical attention within the first 120 hours. This timeframe allows more options for medical assistance and a greater likelihood of collecting evidence if the victim chooses to report the incident. Medical care is still encouraged after 120 hours if the victim has not yet sought care.

The Georgia Tech Stamps Health Services (including the Primary Care Clinic and Women's Clinic) is available during regular hours for medical assistance and follow-up care. Local rape crisis centers are available for medical and counseling assistance 24 hours a day.

The Center for Assessment, Referral and Education (CARE), Health Initiatives, Counseling Center, Health Services (including Women's Health), and the Women's Resource Center are also available resources. Accused student may also access applicable resources, as well as the services of Student Rights Advocates. VOICE Advocates are available to the student victims 24 hours per day including weekends and holidays. Additional campus resources for students includes the Office of the Dean of Students. Campus resources for faculty and staff are available through the Institute’s Employee Assistance Program and through other programs in the Office of Human Resources. Numerous off-campus services are also available.

In addition, a counselor and a member of the Office of the Dean of Students staff are on call 24 hours a day. After hours, staff members are available through the Georgia Tech Police Department (404-894-2500); their assistance may be requested without making a police report. Counseling resources are available for all persons involved in an incident of sexual misconduct.

The aftermath of sexual violence can be devastating to the individuals involved as well as the community. Given the impact on members of the Georgia Tech community, the Institute takes sex harassment seriously and actively works to end it on campus through prevention, advocacy, and educational programs for all incoming students and new employees, as well as ongoing prevention and awareness campaigns for current students and employees. One such coordinated effort is called VOICE, a campus-wide prevention program housed in Health Initiatives, a unit of the Georgia Tech Department of Health and Wellbeing.
The most up-to-date campus and community resource information for victims is available at VOICE, www.healthinitiatives.gatech.edu/voice or by contacting a VOICE Advocate at 404-385-4464 or 404-385-4451.

**Student Government Associations**

**Graduate Student Government Association**

The purpose of the Georgia Tech Graduate Student Government Association is to represent the graduate student body in all matters concerning academics, welfare, administration, social activities, and other matters specific to graduate students; to work with the Office of Vice Provost for Graduate and Undergraduate Studies and the Office of Dean of Students in promoting greater recognition of graduate education on and off campus; to promote closer graduate student-faculty-administration relations; and to stimulate interest in and appreciation of graduate education both on and off campus.

For Graduate Student Government Association Policies,* please see: [http://sga.gatech.edu/g/about/policy/](http://sga.gatech.edu/g/about/policy/)

*For the purposes of student government autonomy, these policies are not subject to the Student Regulations Process (i.e., Institute Graduate Committee and Academic Senate) as outlined in the Institute Policy Development and Life Cycle Process.*

**Undergraduate Student Government Association**

**Review Date:** Jan 2015

“The Institute recognizes that students may become involved constructively in efforts of individuals and organizations to improve physical and social conditions of the Institute, to increase the effectiveness of the Institute, to increase the effectiveness of the processes of learning and development of maturity, and to create larger opportunities for self-government characterized by orderly procedures and the exercise of mature judgment.”
The Georgia Tech Undergraduate Student Government Association is made up of three branches, modeled after the United States federal government. Each branch serves the student body in a unique way, and is detailed below:

**Executive Branch**
Key functions of the Executive Branch include addressing the needs and growing changes of the student body, reviewing campus policies, and actively developing solutions to student issues. The Executive Branch is the voice of the Georgia Tech student body.

**Legislative Branch**
The primary responsibilities of the Legislative Branch include:

- Expressing the position of the student body on issues affecting the student experience.
- Formulating the annual Student Activity Fee Budget during the spring semester.
- Allocating Student Activity Fee funds to chartered student organizations throughout the year.
- Modifying the structure and functions of Student Government.
- Approving all amendments to the Constitution and Bylaws of the Student Government Association.

**Judicial Branch**
The Undergraduate Judiciary Cabinet (UJC) serves two main purposes: upholding non-academic integrity and interpreting any actions or legislation of the USGA to uphold the system of checks and balances provided for by the Undergraduate Constitution. The UJC also has appellate jurisdiction over all lower courts. At any given time there are twelve acting justices and one Chief Justice.

It is the responsibility of all students to notify the Health Center, the School of Applied Physiology, and the Office of Disabled Student Services of any disability that would make participation in swimming, competitive sports, and aerobic training hazardous to their well-being. Any student requesting special consideration because of mental or physical disability should have his or her physician write an explanatory letter, giving full details of the disability and consequent limitations on physical activity, to the medical director of Health Services. This letter must accompany the Medical Entrance form.
The purpose of this policy is to promote and educate about the lawful and responsible use of alcohol by students, and to educate about illegal drugs in order to maintain an environment that is consistent with the educational focus of Georgia Tech.

Georgia Tech will comply with all federal, state, and local laws and policies, including the policies of the Board of Regents of the University System of Georgia, on the abuse of alcohol and other drugs by its students. The legal drinking age in the State of Georgia is 21.

Each member of the Georgia Tech community should be involved in the implementation of, and compliance with this policy. Unless otherwise stated by law, each individual retains responsibility for their actions at all times regardless of his or her mental state, even if altered by alcohol or other drugs.

Campus organizations may develop and enforce additional group/individual standards which are more restrictive than those established in this policy.

STANDARDS OF CONDUCT AND SANCTIONS
In accordance with federal and state laws and because of the potential detriment to the health and well-being of its students, all students are prohibited from engaging in the unlawful use, possession, manufacture, distribution, dispensation, and sale of alcoholic beverages, controlled substances (including marijuana), and other drugs. The term “dangerous drug” is defined in the Official Code of Georgia Section 16-13-71.

A. Alcohol
The sale, distribution, and consumption of alcoholic beverages in or on all Georgia Tech owned or leased (by) property, or on sidewalks/streets are specifically prohibited, with the exception of those approved by the Office of the President or designee. This policy does not prohibit the lawful use of alcohol in Institute-owned residences.

Individual possession and/or consumption of alcohol is acceptable, provided individuals DO NOT:

a. Possess or consume alcohol if under 21 years of age.
b. Furnish, or cause to be furnished, any alcohol to persons under 21 years of age.
c. Conspicuously display open containers of alcohol in any public location, including, but not limited to, grounds, sidewalks, and streets within campus boundaries (but not the public sidewalks and streets, or privately owned or leased property).
d. Sell alcoholic beverages.
e. Misrepresent one's age or identity in any manner for the purpose of obtaining or possessing alcohol.
f. Serve or make available alcohol to intoxicated persons.

Alcoholic beverages may be served and/or consumed by individuals 21 and older at advertised events and activities that are promoted, sponsored, or supervised by a chartered Georgia Tech organization, providing the organization shall:
a. Be responsible for enforcing the entire Student Policy on Alcohol and Illegal Drugs.
b. Completed and confirmed review of the “Acknowledgement of Alcohol and Illegal Drugs Policy.” This form will remain on file with the Center for Student Engagement. Acknowledgment of Alcohol and Illegal Drugs Policy Forms are provided by the Center for Student Engagement. This must be signed with every officer transition.
c. Ensure that alcohol is not the focal point, the reason for, or the drawing card for an event.
d. Submit, and have approved, a completed Alcohol Event Planning Form. Alcohol Event Planning Forms are also available in the Center for Student Engagement.
e. Not advertise the service or availability of alcoholic beverages at functions.
f. Ensure that alcoholic beverages are not consumed by any individual under the legal drinking age of 21.
g. Provide non-alcoholic beverages and food in reasonable quantity, in the same general area, and for the same time period, as the alcoholic beverages are accessible.
h. Control access to the alcoholic beverages through a central point of distribution by a designated server within a designated area at the event (e.g. beer garden) and through the use of sober monitors. Only students who have shown proper proof of age may enter the designated area where alcohol is being served. All alcohol must be distributed and consumed within the designated area. Control is for the purpose of restricting use by those under 21 and/or who are obviously intoxicated.
i. Not use organizational funds to purchase alcohol. Any funds used to pay for alcohol must be taken from personal/private sources and paid to a properly licensed third party vendor. Alcohol may not be paid for by the student organization via a sale at the activity or by charging an admission fee either in advance or at the door (as stated in the Georgia Code of Law, 1981 Section 3-3-21).
j. Not use kegs, champagne/punch fountains, or other common usage containers (such as punch bowls or frozen drink machines) for alcoholic beverages.
k. In the absence of a third-party vendor, designate or hire a TIPS (Training Intervention Procedures for Servers) trained server to monitor the service and consumption of alcohol. It is unlawful to serve or make available alcohol to intoxicated persons (as stated in the Georgia Code of Law, Section 3-3-22).
l. Require a full-time Institute employee, who must not be a minor, to be present for the duration of functions hosted by student organizations where alcohol is served or made available. Advisers are encouraged to attend such functions.

Promotional activities regarding alcohol are as follows:

a. The posted advertisement of alcoholic beverages on campus is not permitted. This includes, but is not limited to: chalking, electronic communications, bulletins, flyers, and social media sites.
b. Campus publications are encouraged to minimize/eliminate all advertisement of alcoholic beverages.
c. No promotion or advertising on campus of incentive drinking (“happy hours”, “2-for-1 specials”, unlimited quantities of alcohol available at reduced prices or free, events focusing on the consumption of alcohol, etc.) is permitted.
d. Chartered student organizations and student groups may not seek or accept sponsorship or support from companies/vendors whose main focus of business is the manufacture, distribution, or sale of alcohol, other drugs or related paraphernalia.

Participants in Study Abroad programs are bound by the legal drinking age of the respective countries in which they are traveling and in all other respects this policy applies.

Sanctions for Violation of Standards:
Students who violate this policy will be subject to disciplinary action and penalties in accordance with the Georgia Tech Student Code of Conduct.

Attempts to circumvent the provisions in this policy in any way are an infraction of this policy.

B. Possession and/or Use of Illegal Drugs
Georgia Tech does not permit or condone the illegal possession and/or use of controlled substances. Controlled
substances means any drug, substance, or immediate precursor included in the definition of controlled substance in
the Official Code of Georgia Section 16-13-21 (4) or Schedule I through V of Section 202 of the Federal Controlled
Substance Act [21 United States Code 812]. The term “dangerous drug” is defined in the Official Code of Georgia
Section 16-13-71.

Sanctions for Violation of Standards:
Any student who violates this policy or any federal or state law or policy regarding the manufacture, distribution, sale,
possession, or use of controlled substances or other dangerous drugs shall be subject to disciplinary actions and
penalties in accordance with the Georgia Tech Student Code of Conduct.

Additionally, in accordance with Georgia law, any student convicted of a felony that involves the manufacture,
distribution, sale, possession, or use of controlled substances or other illegal drug, or chartered student organizations
and student groups involved in these activities may be subject to specific penalties required by state law.

Further information regarding the effects of drug abuse and penalties for manufacture, distribution, sale, possession, or
use of controlled substances or other illegal drugs is available in the Counseling Center, Stamps Health Services and
the Office of the Dean of Students.

Participants in Study Abroad programs are bound by the policies of the Georgia Institute of Technology regarding the
possession and/or use of controlled substances or other illegal drugs.

GOOD SAMARITAN/MEDICAL AMNESTY PROVISION
The Good Samaritan/Medical Amnesty Provision ensures that students do not delay seeking medical assistance for
fear of disciplinary action by the Institute. Students are expected to inform Institute offices, Georgia Tech Police, or
local/law enforcement/first responders when someone’s health or safety is at risk. No formal Institute disciplinary
actions or sanctions will be imposed for violations of Institute rules regarding alcohol or drug use by the reporting
student(s). However, individuals may be provided with resources on drug and alcohol counseling and/or education, as
appropriate. This Good Samaritan/Medical Amnesty Provision applies to: Any student or student organization who, in
good faith, seeks medical assistance from appropriate Institute personnel, local law enforcement, or first responders for
another individual whose health or safety is at risk; and Any student whose health or safety is at risk, and who in good
faith, seeks medical assistance for themselves.

DRUG AND ALCOHOL COUNSELING, TREATMENT, AND REHABILITATION PROGRAMS
Students with alcohol- or drug-related concerns may be referred to, or seek assistance from the Division of Student
Life. The Division of Student Affairs provides trained professional and paraprofessional counselors in the Counseling
Center for drug and alcohol abuse prevention, education, and counseling.

POLICY REVIEW
This policy shall be reviewed by a Task Force which includes student representation and is appointed by the AVP for
Student Engagement & Well-Being and Dean of Students or their designee, to determine its effectiveness, to ensure
that policies are enforced and the disciplinary sanctions are consistently applied, to evaluate the effectiveness of the
implementation of the educational component of the policy, and to recommend and implement changes as appropriate.

POLICY DISTRIBUTION
The AVP for Student Engagement & Well-Being and Dean of Students, or their designee, shall oversee the annual
distribution of this Policy to every Georgia Tech student. Additional copies of the Policy on Student Alcohol and Illegal
Drugs may be obtained from the Office of the Dean of Students.
Registered Student Organizations Policy

Reason for Policy:
The Georgia Institute of Technology (Georgia Tech) recognizes that extracurricular organizations enhance the student experience, provide an outlet for student voices to be heard, and contribute to the Georgia Tech community. The Division of Student Engagement and Well Being works to foster unique communities on campus that help make Georgia Tech a place that engages and includes everyone. Georgia Tech supports opportunities that create a vibrant, safe, and engaged student experience that compliments the academic mission. This Registered Student Organizations policy defines RSOs and their respective types and categories; establishes the institutional requirements for RSO Chartering and Annual Registration; outlines requirements for RSO faculty/staff Advisors; provides requirements for RSO governance; and outlines the requirements for RSO funding.

Policy Statement:
Each Georgia Tech student organization must Charter and thereafter register annually with the Center for Student Engagement to be considered a Registered Student Organization (RSO). Because RSOs receive benefits and resources, Georgia Tech conditions official recognition on RSOs agreeing to comply with all applicable policies and procedures, including but not limited to, Georgia Tech’s Equal Opportunity, Nondiscrimination, and Anti-Harassment policy, and the Student Code of Conduct.

RSOs are student-led and student-focused and, while they may support the mission of a department, they must 1) have a process by which student officers are elected or selected by student members and 2) have autonomous function that is advised, not mandated, by a Georgia Tech Advisor.

All initial Chartering and Registration renewals are conducted on a content-neutral and viewpoint-neutral basis, and any approval or denial is not based on the mission, goals, or beliefs of the student organization. The decision on whether to approve a student Group’s application to become an RSO is based solely on the submission of a properly completed registration application, as set forth herein. The Chartering and Registration of a student organization does not constitute endorsement by Georgia Tech or approval of the student organization’s policies and activities.

All RSOs must comply with municipal, county, state, and federal laws, rules, and regulations, policies, guidelines, and standards of Georgia Tech and the Board of Regents of the University System of Georgia (“Board of Regents”).

Scope:
This policy applies to students, faculty, and staff at Georgia Tech.

**Departmental Registered Student Organization (DRSO)**

A DRSO meets the requirements of an RSO and has been assigned the Departmental designation by the Student Activities Committee (See Section 5.3) due to the RSO’s defined relationship (e.g., assets such as property, space, resources, money, reputation are involved) with a Georgia Tech unit. That relationship must be defined in a Memorandum of Understanding.

Student Groups, created by Georgia Tech units, that have not completed the Chartering process and are not RSOs are not DRSOs; additionally, an RSO that is affiliated with a department is not necessarily a DRSO. DRSOs do not have increased access to Student Activity Fee funding.

**Home Department**

A Home Department is a Georgia Tech unit with which a DRSO has a defined relationship and from which their Advisor is assigned.

**Registered Student Organization (RSO)**

An RSO is an organization that has met and complied with the requirements for Chartering and Annual Registration as outlined in this policy.

**Student Activities Committee (SAC)**

As outlined in 2.6.11 of the Faculty Handbook, the Student Activities Committee (SAC) is a standing committee of the Faculty Senate which:

1. Receives and considers all proposed changes to the Constitution of a Registered Student Organization based on whether the requirements outlined herein have been met; and
2. Considers all Charter applications of Groups recommended by the Center for Student Engagement based on whether the requirements outlined in this policy have been met.

**Procedures:**

**5.1 Student Organization Chartering**

**Requirements**

A Group seeking to be Chartered as an RSO must provide documentation of the following requirements during the Chartering window:

1. Constitution which meets the requirements of Section 5.7;
2. Submission of a New Organization Chartering Form;
3. Student membership roster of at least 10 Georgia Tech student members, joined for a common purpose, who meet eligibility criteria for participation.
After the SAC has approved its Constitution, the Group must also submit its first Annual Registration Form, which includes the approved Constitution and information about the Group’s incoming officers.

### Submission

The timeline and process for submission of the required documentation set forth above is determined annually by the Center for Student Engagement. Timeframes and deadlines for Chartering will be published and announced by the second week of classes each semester and will allow at least 6 weeks for submission of required materials.

Groups that do not submit the required documentation listed above by the published deadline will have all pending forms denied and any limited privileges provided during the Chartering process revoked.

### Privileges during Chartering

Upon attendance of the Organization Chartering Training; submission of the New Organization Charter Form; and completion of the required Officer and Advisor forms, Groups undergoing the Charter process will be granted Pending Status and provided the privilege to reserve space on campus to host purely informational meetings (i.e., meetings designed to garner interest or additional membership to allow the Group to meet the membership requirements to Charter).

Groups with Pending Status may not request campus funding or campus accounts until the Chartering process is complete.

The space reservation privileges granted to a Group with Pending Status will be revoked and the Chartering process for that Group will be terminated by Center for Student Engagement if:

1. The requirements for Chartering are not met in the published Chartering window; or
2. Activities of the Group are not in compliance with Pending Status limited privileges as outlined in this policy.

Should the limited privileges granted to a Group with Pending Status be revoked, the Center for Student Engagement will send notice via email to the Group's last known Senior Executive Officer and last known Advisor stating:

1. The reason for revocation of privileges, and
2. The requirements that must be met to have privileges restored, and
3. A maximum time period for meeting these requirements.

When temporary privileges are revoked and/or the Chartering process is terminated, that decision may be appealed following the appeals process outlined in Section 5.3 Appeals.

Review and Outcomes

The Center for Student Engagement (CSE) will review all Chartering applications for completeness. A Chartering application is complete upon receipt by CSE of the required documentation set forth in Section 5.1, Requirements.

Within 10 business days of a Group’s submission of a completed Chartering application to CSE, CSE will send the completed application to SAC for Constitutional review.

Within 15 business days of receiving a Group’s completed Chartering application from CSE, SAC shall either (1) approve the Group as an RSO if all Constitution requirements set forth in Section 5.7, below, have been met, or (2) notify the Group that changes are needed to bring its Constitution into conformity with the requirements set forth in Section 5.7 or to clarify areas of ambiguity or confusion.

A Group that receives notice from SAC that changes to its Constitution are needed shall have 15 business days to provide SAC with a revised Constitution. If a Group fails to timely provide SAC with a revised Constitution, its application will be denied. Within 15 days of receipt of a Group's revised Constitution, SAC shall either (1) approve the Group as an RSO if all Constitution requirements set forth in Section 5.7 have now been met, or (2) deny RSO status to the Group if it is determined that not all Constitution requirements set forth in Section 5.7 have been met.

Denial of a Group’s Charter application, or a
determination by the Center for Student Engagement that a Group's Chartering application is not complete, may be appealed by following the procedures outlined in Section 5.3, below.

Approval or denial of a Group’s Charter application, or a determination by the Center for Student Engagement that a Group's Chartering application is not complete, will not be based on the mission, goals, or beliefs of the Group or any other content- or viewpoint-based determination, but will be based solely on whether the Group meets the requirements of Section 5.1, above, and the Constitution requirements in Section 5.7, below.

Denial or Revocation of Registration of an RSO

Georgia Tech will refuse to Charter or Register an RSO and will deny or revoke a student organization’s RSO designation at any time if it determines that the student organization:

- Seeks to accomplish its objectives, goals, purposes, or activities through the use or promotion of violence;
- Engages in activities that materially and substantially interfere with the discipline and normal activities of GT or with the rights of others, including activities that present a danger to property, individuals, or the orderly functioning of GT;
- Is organized for the financial benefit of an individual member or members, or for the financial benefit of a for-profit organization;
- Falsifies or forges an official GT record or document;
- Refuses to comply with federal or state laws, Board of Regents’ policy, and GT policies and procedures, including GT’s Code of Conduct, or states an intention to do so;
- Fails to provide all necessary registration information to GT; or,
- Fails to meet financial obligations to GT after receiving written notice of the failure and not curing it within 30 business days.

5.2 Student Organization Annual Registration

Annual Registration Requirements

No later than 2 weeks before the first day of final examinations in the Spring Semester, all RSOs are required to complete the Annual Registration requirements. These requirements consist of: (1) completion and submission of the Annual Registration application, and (2)
completion and submission of the Senior Executive Officer form, the Finance Officer form, and the RSO’s Advisor form.

An RSO may submit the required Annual Registration application and forms as many times as necessary to satisfy the Annual Registration requirements; an incomplete or incorrect submission does not automatically result in the suspension of an RSO. So long as an RSO submits a complete and correct Annual Registration application and forms before the deadline, the RSO will remain active. RSOs which do not meet these requirements by the deadline will have all pending applications denied, and the RSO will be suspended.

**Review and Outcomes**

Once the required Annual Registration application and forms are submitted by an RSO, the application will enter a pending status. A pending Annual Registration application is under active review by the Center for Student Engagement and will only remain pending until the Center for Student Engagement has confirmed that the Annual Registration application is properly completed.

Following pending status, an Annual Registration application will be either approved (i.e., the required Annual Registration requirements are properly completed and submitted) or denied (i.e., the required Annual Registration requirements are not properly completed and submitted). Annual Registration renewals are conducted on a content-neutral and viewpoint-neutral basis. Any approval or denial shall not be based on the mission, goals, or beliefs of the RSO, but only on whether the RSO meets the requirements for Annual Registration set forth in this policy.

**Organization Status**

Within 15 business days of an RSO’s submission of all required documentation for renewal, a member of Center for Student Engagement will advise the RSO’s Senior Executive Officer of the outcome of the Annual Registration submission. The RSO will be assigned one of the following statuses:

- **Active**: An RSO which has met all requirements to renew the Annual Registration.

- **Suspended**: An RSO which has not met the requirements to renew the Annual Registration, and for which all RSO privileges have been revoked.

- **Inactive**: An RSO which has held suspended (as defined
herein) status for more than one calendar year. A DRSO will become inactive after two calendar years of suspension. Inactive student organizations are no longer registered and must complete the Charter process anew.

If the Annual Registration application is denied for failing to meet one or more of the requirements set forth above, the RSO will be notified, in writing, of the specific reason for the denial.

Denial of an Annual Registration application may be appealed by following the appeals process outlined in Section 5.3 Appeals.

### 5.3 Appeals Process

#### Appeals for denial or revocation of Charter or Registration Status

If the Center for Student Engagement denies a Group Pending Status, determines that a Group’s Chartering application is not completed by the deadline, or suspends and RSO’s registration or designation, or if the Student Activities Committee denies a Group a Charter, the Group or RSO may appeal the decision in writing to Georgia Tech’s Associate Dean and Director of the Center for Student Engagement within 5 business days of notification of the decision, unless the denial or revocation was initiated under Georgia Tech’s Code of Conduct, in which case appeals are handled in accordance with Georgia Tech’s Code of Conduct. The decision of the Associate Dean and Director of the Center for Student Engagement or non-student designee shall be made within 10 business days of receipt of the appeal and shall identify in writing the reason(s) for the decision. Decisions of the Associate Dean and Director of the Center for Student Engagement or designee may, within 5 business days of notification of the decision, be further appealed to the Associate Vice President for Student Engagement and Well-being/Dean of Students in writing via email to johnstein@vpss.gatech.edu. The decision of the Associate Vice President for Student Engagement and Well-being/Dean of Students or designee shall be made within 10 business days of receipt of the appeal and shall identify in writing the reason(s) for the decision. The decision of the Associate Vice President for Student Engagement and Well-being/Dean of Students is final and no further appeal is available.

### 5.4 Departmental Registered Student Organization Designation

#### Initial Consideration for DRSO Status

Based on the criteria listed below, an RSO may be reviewed at any time (including during the Chartering process) for departmental designation by:
1. Request from the Center for Student Engagement;  
2. Request from SAC; or  
3. Petition from either the RSO or the Home Department  
The initial request or petition should be submitted in writing to the Center for Student Engagement, the Home Department, and the most senior RSO student leader.

**Criteria**

An RSO will be considered a DRSO if it is in a defined relationship (i.e., involving assets such as property, space, resources, money, reputation) with a Georgia Tech unit.

DRSOs and departments will have a written and agreed upon MOU, which will be reviewed annually by the DRSO and department leadership. The MOU must address the defining features of the relationship between the DRSO and the Home Department, including but not limited to: advising, property, space, and financial resources.

The MOU will be a required component of the Annual Registration for DRSOs.

**Designation**

Once DRSO status has been assigned, the relationship between the RSO and Home Department must be continuously maintained and renewed annually. Failure to do so will cause forfeiture of the DRSO designation and may cause reason to forfeit any and all RSO status.

**5.5 Advisors**

**Requirement**

Advisors are required for all RSOs.

**Responsibilities**

Advisor responsibilities include:

1. Completing required training;  
2. Consenting to receive electronic Advisor updates from the Center for Student Engagement;  
3. Meeting at least twice per academic year with the RSO Senior Executive Officer;  
4. Confirming their acceptance of the Advisor role during the Chartering and Annual Registration processes;  
5. Reviewing Georgia Tech policies with the RSO;  
6. Communicating with the Center for Student Engagement when the Advisor becomes aware that an RSO is violating a municipal, county, state, or Federal law, rule, or regulation; or policy of Georgia Tech or the Board of Regents; and
### Assignment

RSOs must identify an eligible employee to act as their Advisor.

For DRSOs, the Georgia Tech Home Department must assign the role of Advisor to a full-time, exempt department employee.

Regardless of the kind of organization served (RSO or DRSO), the Advisor must meet eligibility requirements as listed herein.

Georgia Tech employees are required to have supervisor approval before accepting the Advisor role. An Advisor may serve more than one RSO but must consider whether taking on these additional responsibilities will impact their ability to provide beneficial advising to those student organizations.

The Advisor role has no term limit. Advisors do not have voting rights or membership in the RSO.

In the event that an RSO or a student Group seeking to be Chartered as an RSO is unable to find a faculty or staff member to act as the organization's Advisor, an employee from the Division of Student Engagement and Well Being will be assigned as the RSO's advisor.

### Training

Advisors must complete required training annually.

### Policies & Procedures

Advisors must comply with Georgia Tech policies and procedures and applicable law. Georgia Tech policies can be found online in the [Georgia Tech Policy Library](#).

The Center for Student Engagement maintains a list of policies that Advisors must review with their RSO.

### Contracts

Neither Georgia Tech students nor Advisors have authority to sign agreements on behalf of Georgia Tech. Should a Georgia Tech student or Advisor sign an agreement, they are signing in their individual capacity and can be held personally liable for failure to perform as agreed and for any breaches or omissions that may occur under the agreement.

For DRSOs, all agreements involving procurement of goods, equipment, materials, services, or event space must be reviewed and executed by Georgia Tech Purchasing. Such agreements must be submitted to...
### Student Life

**purchasing.ask@business.gatech.edu** for review. All other agreements should be forwarded to the Office of Legal Affairs at **asklegal@gatech.edu** for review.

#### Expectations

Advisors must have a conversation with the RSO and agree on a set of expectations for one another from the onset in order to maintain a consistent and beneficial relationship. This includes the Advisor’s role as the liaison between Georgia Tech and the RSO specifically to ensure that the members of the student organization are aware of Georgia Tech policies and procedures.

#### Removal

For RSOs, Advisors may be removed from their role by the internal processes established in the Constitution or other governing documents of the specific RSO.

- DRSOs must petition their Home Department for replacement of Advisor.
- Georgia Tech reserves the right to remove an Advisor for concerns of student safety, the violation of Georgia Tech policy or process, or the violation of law.

- A Georgia Tech supervisor has the authority to decline to allow an employee to continue to be an Advisor.

#### Additional and Off-Campus Advisors

In addition to the required Georgia Tech advisor, RSOs may also maintain additional advisors; these additional advisors may or may not be affiliated with Georgia Tech and are not held to the same requirements as the Georgia Tech Advisor. These individuals may only advise the RSO and may not make executive decisions for the organization or dictate organizational programs or services.

#### 5.6 Registered Student Organization Categories

**RSO Categories**

Each RSO will have one or more category designations, the definitions of which are set forth below. Organization categories describe the common purposes that exist among organizations with a similar primary mission. All RSOs fall into at least one category and some RSOs may fall into multiple categories based on their operations.

- **Academic/Professional Organizations** are those RSOs dedicated to the pursuit of professional and academic development activities. They may be focused on a particular profession and strive to develop the interests of individuals exploring that profession, build public interest in that profession, and/or bring together people within a particular major, school, college, or unit.
Arts & Media Organizations have the mission of creating designed works, fine arts, technical arts, and media.

Civic Engagement Organizations are RSOs whose focus emphasizes members’ involvement in civic engagement initiatives such as philanthropy, service, advocacy, and/or awareness, as well as organizations whose focus is on social issues, community partnership, or education.

Competitive Organizations are those RSOs whose focus is on the engagement of organization members in non-sporting competitive activities.

Competitive Sports Organizations are those RSOs whose focus involves the engagement of members in competitive sporting events and competitions. RSOs categorized as Sports Organizations must meet requirements by GT Campus Recreation Center.

Cultural Organizations are those RSOs that have organized around the celebration of one or more cultural or diversity-based traditions and practices.

Honor Societies are RSOs whose focus is to recognize the excellence among peers in a variety of different areas, including, but not limited to, scholarship or leadership.

Religious/Spiritual Organizations are RSOs whose mission is the engagement of members on the basis of faith(s) or other belief structures.

Recreational/Leisure Organizations are RSOs whose focus falls outside of the scope of the categories given above. This will include non-competitive sport organizations.

Social Fraternity & Sorority Chapters are social and service chapters of national organizations Chartered through the Collegiate Panhellenic Council, Inter-Fraternity Council, the Multicultural Pan-Hellenic Council, or the National Pan-Hellenic Councils. RSOs categorized as Social Fraternity & Sorority Chapters must meet requirements by GT Fraternity and Sorority Life.

   1. This organization is a Registered Student Organization (RSO) at Georgia Institute of Technology but is not part of the Institute itself.

   2. However, religious student organizations will not be denied registration solely because they limit leadership positions to students who share the same religious beliefs.

The only Constitution that will be recognized is the one posted on the RSO’s Engage Portal in the “Documents” section.

**Roster**

To maintain Active status, an RSO must maintain a roster of at least 5 Georgia Tech student members (including the Senior Executive Officer and Finance Officer). Additionally, the roster must list the RSO Advisor, Senior Executive Officer, and Finance Officer. The only Roster that will be recognized is the one in the RSO’s Engage Portal.

**By-Laws & Other Documents**

In addition to a Constitution, some RSOs may elect to include bylaws, protocol manuals, membership
agreements, or other documents that govern the operations of the RSO. The Center for Student Engagement does not routinely review those additional documents but will do so if requested. The Center for Student Engagement may review any such document and take action if the document violates any applicable law or Board of Regents’ or Georgia Tech policy or procedure; any action by the Center for Student Engagement will not be based on the mission, goals, viewpoints, or beliefs of the RSO, but rather will be based on the violation of the applicable law or policy. If the Center for Student Engagement reviews any document and decides to take action, the Center will notify the RSO in writing of the specific law or Board of Regents’ or Georgia Tech policy or procedure that the document violates and the reason for the violation.

<th>Constitutional Amendments</th>

| RSOs which make changes to their Constitution following Chartering must submit them to the Center for Student Engagement for initial review. Final review and approval will be conducted by SAC. Approval or denial of an RSO’s Constitutional Amendments will not be based on the mission, goals, or beliefs of the RSO or any other content- or viewpoint-based determination, but rather will only be based solely on the RSO including the information set forth above, Section 5.7, in its Constitution. 

To amend a Constitution, an RSO must:

1. Provide written (hard copy) or electronic (e-mail) notification to all members at least two weeks in advance of any proposed changes in the organization’s Constitution.

2. Revised Constitutions shall be submitted to the Center for Student Engagement (CSE), along with a copy of the minutes of the organization meeting during which the vote was held, within seven days of revision. CSE shall review the changes for clarity and formatting before passing the documents on to the Student Activities Committee (SAC). The initial review by CSE must not last more than 5 business days and serves to highlight areas of discussion for the SAC. |
3. If the revisions of the Constitution are to fix minor errors in grammar or nomenclature, to rename the RSO while maintaining consistency with its purpose, or to update the Constitution to current standards, CSE shall have the direct discretion to approve such revisions without review by SAC. Such revisions, however, must be reported to the Chair of SAC.

4. For all other revisions, the documents shall be reviewed by SAC, which shall review the materials solely for compliance with the requirements of this policy and transmit its approval or denial to the Faculty Senate of the Institute. SAC may refrain from immediate action on proposed revisions in order to ask the RSO to make any changes needed to bring its Constitution into conformity with the requirements set forth in this policy or to clarify areas of ambiguity or confusion. In any event, SAC shall approve or deny the revisions within 15 business days of SAC’s receipt of the revisions from CSE.

Constitutional Interpretation

In the case of disagreements within an RSO regarding interpretation of the organization’s Constitution, the Center for Student Engagement shall facilitate dispute resolution.

Constitutional Policy Provision

If an RSO’s Constitution does not include all provisions required by this policy, the Center for Student Engagement shall serve as facilitator for the implementation of required methods and procedures until such time as the Constitution has been amended and these amendments have been approved. Constitutional amendments which are mandated by this policy will be in effect for all RSOs regardless of the stage of implementation in their constitution. SAC will not be required to review policy-required amendments so long as those amendments either 1) follow, verbatim, the language of this policy or 2) utilize the modeled language provided by SAC.

5.8 Organizational Expectations

Student Self-Governance

Student self-governance is the central tenet of the RSO model, and all RSOs must function through Georgia Tech student governance and leadership;

a. Faculty, staff, non-student community members, and any
nonstudent entities may participate in RSO activities and act in an advisory role to the RSO but cannot serve as leaders or voting members of the RSO, engage in decision making on behalf of the RSO, or act on behalf of the RSO.

b. Non-student affiliated entities can require that the RSO maintain certain policies or protocols to continue their affiliation (e.g., dues, annual reports) as long as the policies or procedures do not interfere with student autonomy or require the RSO to violate the law or Board of Regents or Georgia Tech policy or procedure. RSOs are not required to maintain an affiliation to retain their status as an RSO.

c. All RSOs must engage in democratic style governance as evidenced in their governing documents (e.g., regular elections or selections, checks and balances for leadership). No RSO is allowed to give its student leaders unilateral control over organization decisions.

d. All RSOs must include a leadership election or selection process in their Constitution. Elections or selections must be held regularly and RSOs are encouraged to hold elections or selections at least annually; a Constitutional provision for holding a regular vote on whether to open elections or selections meets this requirement.

1. Voting in elections and votes to open elections cannot be limited to a smaller number of members than the number of members who would be able to vote on normal organizational business. Elections of a single slate of officers are allowed, so long as the proposed slate of officers is confirmed by a vote of the members eligible to vote.

2. Voting in selections can be limited to a smaller, defined subset of the organization (e.g., executive board, selection committee), but must include at least 2 members at large. Additionally, no selection process may require a unanimous vote for a single office or for a slate of officers.

thirty (30) business days to determine 1) if the activities of the RSO are or are not in compliance with their constitution and 2) to determine a set of steps necessary (e.g., amendment) to ensure the RSO is in compliance with its constitutional standards.

5.9 RSO Finances
The Student Government Association allocates Student Activity Fee funds to Registered Student Organizations and departments of the Division of Student Engagement and Well Being through its Joint Finance Committee (JFC). RSOs requesting funds, whether in the form of an Annual Budget or a Bill, are required to do so in the timeframe and manner set forth below. All funding decisions made by JFC shall be based solely on the viewpoint-neutral decision-making criteria set forth below. JFC members shall receive annual training on this policy and its proper implementation.

Annual Budget Request Submission and Required Information:
Prior to the Budget Request period beginning each Fall semester, JFC will set the overall Budget cap based on the funding available for the following fiscal year.

Any RSO in Active standing as determined by the Center for Student Engagement may submit an Annual Budget Request. The request must include the following information:

- a detailed written description of the specific programs, activities, or events the RSO intends to sponsor;
- accurate written cost estimates of any required supplies or services that correlate to the programmatic needs (or logistical requirements) of the programs, activities, or events;
- if event funding is requested, a description of how the RSO plans to promote the event to the student body;
- if event funding is requested, a showing that students will be involved in the planning and implementation of the event;
- a written estimate of the revenue expected to be generated in the coming year through dues, ticket sales, fundraisers, donations, or other means;
- certification that the Advisor has been provided an opportunity to review the budget submission;
- for RSOs that were registered in the prior year, a written account of revenue received during the prior year through dues, ticket sales, fundraisers, donations, or other means; and
- for RSOs that received JFC funds in the prior year, a written statement demonstrating that the RSO effectively utilized the funds to accomplish the goals for which those funds were awarded.

Submission Deadline:
All Annual Budget Requests must be submitted via the online budget system by 11:59 P.M. EST on Friday of the twelfth week of the fall semester. After the deadline has passed, no additional Annual Budget Requests will be accepted, regardless of circumstance.

Budget Orientation:
Prior to the Monday of the seventh week of the fall semester, the JFC shall hold at least three budget orientation sessions on different dates for RSOs. The dates and locations of the sessions will be published on the SGA website no later than the 3rd week of the Fall semester. At least one officer of each RSO must attend one budget orientation session. Failure to attend will result in denial of an RSO’s Annual Budget Request.

JFC Review:
Each RSO that submits a timely Annual Budget Request shall select and schedule a hearing date through the SGA website to permit the RSO to present its request to the JFC and answer any questions the JFC may have about it. No later than the twelfth week of fall semester, the hearing schedule shall be published on the SGA website and emailed to all RSOs that have submitted an Annual Budget Request. If an RSO fails to meet with the JFC, the RSO’s Annual Budget Request shall not be granted.
The JFC shall evaluate all Annual Budget Requests in a viewpoint-neutral manner solely for compliance with the criteria set forth in the “Funding Criteria” Section below. If available funds are not sufficient to fund all Annual Budget Requests at the requested level, all budgets will be reduced on a pro rata basis.

JFC will issue all RSO annual budgets the Friday two weeks before the first day of final examinations in the Spring Semester of the academic year preceding the year in which the funds are sought to be utilized. If an RSO’s approved budget is less than the total amount sought in its requested budget, the RSO can request a written decision setting forth the basis for the JFC’s decision to award the RSO the reduced amount. Such a request must be made by the RSO within ten business days after the RSO receives its approved budget. Within 20 business days of receiving such a request from an RSO, the JFC will provide the RSO with a written decision detailing the reasons that its approved budget was less than the total amount requested.

The JFC shall provide a written report of all approved annual budgets to the Undergraduate House and Graduate Senate.

**Bill Submission and Required Information:**
Any RSO in active standing as determined by the Center for Student Engagement may submit a request for funds through a Bill. The request must include the following information:

- a detailed written description of the specific programs, activities, or events the RSO intends to sponsor;
- if event funding is requested, a showing that students will be involved in the planning and implementation of the event;
- accurate written cost estimates of any required supplies or services that correlate to the programmatic needs (or logistical requirements) of the programs, activities, or events;
- documentation that the RSO sought funding from other sources for the programs, activities, events, supplies or services for which the RSO is requesting funding;
- the amount of funding, if any, that the RSO has received from other sources for the programs, activities, events, supplies or services for which the RSO is requesting funding;
- the amount of funding, if any, that is being provided through an existing JFC Budget allocation for the programs, activities, events, supplies, or services for which the RSO is requesting funding;
- if event funding is requested, a description of how the RSO plans to promote the event to the student body; and
- for RSOs that received JFC funds in the prior year, a written statement demonstrating that the RSO effectively utilized the funds to accomplish the goals for which those funds were awarded.

Bills will be stamped upon submission to CSE to reflect the date and time of the Bill submission. A Bill shall not be deemed submitted until all required information, set forth above, is received by CSE.

**Submission Deadline:**
JFC will consider at each of its regularly scheduled meetings all Bills that were submitted at least thirty days prior to the meeting. Bills must be submitted in the same fiscal year as the expense or event for which funding is sought.

**JFC Review:**
During the Fall and Spring within 7 business days of a Bill being submitted by an RSO, the JFC shall set a date to meet with the RSO to permit the RSO to present its Bill and answer any questions the JFC may have about it. If a Bill is submitted during an Institute break or the Summer semester, the JFC shall schedule a time with the RSO no later than 7 business days after the upcoming Fall or Spring semester has begun or the current Fall or Spring semester has continued. The RSO shall be notified of the date and time of the meeting by email. In the event that no RSO representative is able to attend the meeting at the specified date and time, the JFC shall reschedule the meeting to a mutually agreeable date and time or, in the alternative, correspond through email with no fewer than two of the RSO’s officers. If an RSO fails either to meet with the JFC or to correspond through email regarding a Bill, the Bill shall not be
approved.

The JFC shall evaluate all Bills in a viewpoint-neutral manner and only for compliance with the criteria set forth in the "Funding Criteria" Section below. Bills will be processed on a first-come first-served basis according to the date/time stamp placed on the Bill at the time of submission. Bills which comply with the Funding Criteria shall be approved by the JFC, as long as funds are available.

If an RSO’s Bill is denied or is granted in an amount less than the total amount sought, the RSO can request a written decision setting forth the basis for the JFC’s decision. Such a request must be made by the RSO within ten business days after the RSO received notification of JFC’s decision. Within 10 business days of receiving such a request from an RSO, the JFC will provide the RSO with a written decision detailing the reason(s) that its Bill was denied or was granted in an amount less than the total amount sought.

The JFC shall provide a written report of all approved Bills to the legislature.

**Appeals Process:**

In the event that an RSO’s Annual Budget Request or Bill Request is denied or is approved in an amount less than the total amount that the RSO requested, the RSO may appeal the JFC’s written decision setting forth the basis for the denial or the award of the reduced amount. An RSO may also appeal the JFC’s determination if the JFC failed to issue a timely written decision after the RSO properly requested one. All appeals will be heard by the Associate Vice President for Student Engagement and Well-being/Dean of Students or non-student designee.

Appeals must be in writing and must be submitted to the Associate Vice President for Student Engagement and Well-being/Dean of Students or designee within ten business days after the RSO receives the JFC’s written decision or, if JFC failed to issue a timely written decision after the RSO properly requested one, within ten business days after the time for the JFC to issue the decision has expired.

An RSO’s appeal must be based on one of the following grounds:

- JFC’s disapproval of the Annual Budget Request or Bill Request, or JFC’s determination regarding any allocation for an item therein, was arbitrary or capricious;
- JFC engaged in viewpoint discrimination or another legal violation; or,
- JFC failed to follow the Funding Request processes and procedures outlined in this policy.

Within 20 business days of submitting the appeal, the Associate Vice President for Student Engagement and Well-being/Dean of Students or designee will provide the RSO with a written decision granting or denying the appeal and detailing the reasons for that determination. If the Associate Vice President for Student Engagement and Well-being/Dean of Students or designee grants the appeal and approves a new final budget, the new budget will be included in the written decision. JFC shall ensure that funds are available to cover any Annual Budget Request or Bill Request that is awarded to an RSO as a result of an appeal.

**Transparency:**

Beginning with the 2020–21 academic year, JFC will use the following procedures for all meetings at which it considers RSO funding requests: The minutes of JFC meetings that consider funding requests from RSOs will include the amount each RSO originally requested, the purpose for which the RSO requested those funds, how much of each request JFC approved, and JFC’s reasons for rejecting or reducing a request. JFC will make the minutes of its meetings available on its website for at least three years.

**Funding Criteria:**

The amount of funding an RSO receives is determined by the RSO’s stated programmatic needs as set forth in its detailed Annual Budget request or Bill request and is dependent upon submission of accurate documentation.
supporting the request. JFC’s funding allocation decisions will be based solely on whether the requesting RSO has met the following viewpoint-neutral requirements, unless the RSO requests funding for the prohibited items listed later in this policy.

- The RSO must be in Active standing as determined by the Center for Student Engagement.
- The RSO’s funding application must be submitted by the applicable application deadline.
- The RSO’s funding application must be complete and include the required information set forth in this policy.
- The RSO must attend the required orientations and meetings as set forth in this policy.
- Events and activities funded through student activity fees must be open to all Georgia Tech students.
- The RSO’s request must contain accurate cost estimates supported by reliable documentation or research, including by taking into consideration the number of students likely to attend an event; however, this criterion shall not be used to consider the content or viewpoint of an RSO’s speech, including the presumed popularity or controversial nature of an RSO’s speech.
- Any proposed facility must be suitable for the proposed events and activities based on the estimated size of attendance.
- Any travel expense estimates must be objectively reasonable for the type of event or activity proposed.
- The amount requested must not exceed the Item Maximum Allocation limits set forth in the Funding Allocation Restrictions.
- Any other viewpoint-neutral criteria that are determined by Institute legal counsel’s written opinion. Any written opinion that contains additional viewpoint-neutral criteria will be published on JFC’s website, and this policy shall be modified accordingly.

JFC will not use the following criteria when making funding decisions for RSOs:

- The presumed popularity of an RSO’s viewpoint, including the existence among the student body of opposition to, or support for, the group. However, JFC may consider the number of students expected to be involved in specific activities or events as necessary to estimate variable expenses of the activity or event
- The length of time the RSO has been in existence
- The amount of JFC funding the RSO has received in the past.

Funding Allocation Guidelines
JFC shall follow the [Registered Student Organization Funding Allocation Guidelines](#). The Office of the General Counsel must approve any changes to the document prior to implementation. The Funding Allocation Guidelines shall be posted on the [Center for Student Engagement’s website](#).

Off-Campus Finances
All RSOs reserve the right to maintain an off-campus bank account; however, no Institute Funds are permitted in these accounts.

It is recommended that the account be set up using a unique Federal Tax ID/EIN to the individual RSO, but it is not required. However, the GT Federal Tax ID/EIN may NEVER be used by any RSO.

More information regarding EINs and off campus accounts are available online through the [Student Organization Finance Office](#).

Financial Accountability
Organization members and officers must make every effort to properly expend and manage any funds owned or allocated to its organization and must follow all procedures and rules of its organization as defined by the organization's SAC approved constitution, organization’s governing documents, and Georgia Tech policies and procedures. If a concern of compliance is brought to the Center for Student Engagement, CSE may temporarily suspend the activities of the RSO pending a review with SAC for no longer than thirty (30) business days to determine
1) if the activities of the RSO are or are not in compliance with allocation granted or their governing documents and 2) to determine a set of steps necessary to remedy the situation.

**Enforcement:**
Concerns regarding student, faculty, staff, RSO, and DRSO compliance with this policy can be shared with Center for Student Engagement staff.

Concerns regarding RSO compliance with the Georgia Tech policies and procedures can be reported as outlined in the Student Code of Conduct and Student Organizations Code of Conduct.
